Killer Of Mother In Pittsburgh Believed To Be Victim Of War Fatigue

PITTSBURGH, Aug. 19. — (INS)—John Patrick Clancy, subject of an intensive police search since he beat his mother to death Wednesday night, was captured today.

Police closed in on him in a cemetery where they had spotted him hiding behind a tree. The 28-year-old auto mechanic fled his home Wednesday after bludgeoning his mother, Mrs. Mary Clancy, 60, to death with a furnace poker.

Police ensnared him in a trap yesterday after Mrs. Lorella Barrie, 31-year-old store clerk, reported that Clancy bought cigarettes and tobacco in the store where she worked.

She said she recognized him at once because she once attended grade school with him.

The area surrounding the store and the railroad yards is heavily wooded, with many abandoned

## Union Seamen Face Charge Of Mutiny

HONOLULU, Aug. 19. — (INS)—The possibility of federal charges ranging up to mutiny confronted 45 A.F. seamen today because they walked off the luxury liner President Wilson following a series of fights aboard the vessel.

The liner remained tied up at its Honolulu pier more than 60 hours after it had been scheduled to sail for San Francisco.

The seamen, who are members of the AFL Sailors Union of the Pacific, walked ashore from the President Wilson at just about sailing time Wednesday night immediately after a free-for-all battle among the ship's personnel.

## Floods Kill 99 On Japan Island

TOKYO, Aug. 19. — (INS)—Nineteen persons were known dead and 105 others were missing today in the wake of 34 inches of rain which fell on Kyushu, Japan's southernmost island.

U. S. army liaison planes were dropping rubber boots to persons marooned by widespread floods which followed Tuesday's typhoon "Judith".

The 34 inches of rain is two-thirds the amount which normally falls on the island in a year.

Army civil affairs teams on Kyushu reported that no American casualties resulted from the typhoons, the downpours or the floods.

The torrential rains ceased last night and the flood water began receding after all of Kyushu's rivers had leaped their banks.

In the villages of Maika and Ashikari, 3,000 Japanese were marooned on rooftops.

## Barclay Allen Hurt Car Goes Into River

RENO, Aug. 19. — (INS)—Barclay Allen, 30-year-old bandleader, widely known for his piano playing, was reported in serious condition today from injuries received in an automobile accident.

The young musician was injured when his automobile apparently went out of control on a Sierra highway and plunged into the Truckee river near Tahoe City yesterday.

He was taken to the Washoe Medical Center in Reno.

Allen had been appearing on a Lake Tahoe night club during the past two weeks.

## FAIR AND PLEASANT WEATHER FORECAST

"Fair and pleasant," he predicted for today, with the highest temperature in the mid 70s. Tonight will be cool, and Saturday fair.

If you don't think it was real sleeping weather last night, listen to these 7 a. m. temperatures reported from throughout the district.

## Outside Beer Signs Illegal After Sept. 1

By JOHN HARMS (N. S. Staff Correspondent)

HARRISBURG, Aug. 19. — (INS)—The sometimes intricate and colorful beverage brand advertising signs pinpointing taprooms soon will be a memory in Pennsylvania.

Effective September 1, proprietors must remove all outside brand advertising under the provisions of an amendment to the state liquor code adopted by the General Assembly last spring.

The work of removing the signs has been underway for several weeks and should be completed by the beginning of September.

After that date, the Liquor Control Board said, violators will be liable to penalties ranging from \$100 to \$300 fine or three months in jail for the first offense.

Thousands Down

Thousands of outdoor signs must be taken down from the premises of 20,000 beer and liquor retailers. (Continued on Page Two)

## Wallace Attacks Arms-For-Friends

By ROSE McKEE (N. S. Staff Correspondent)

WASHINGTON, Aug. 19. — (INS)—Henry A. Wallace today attacked the administration's "arms for friends" program as a "shocking" proposal that would "undermine the economy and military security of both the U. S. and Europe."

The former vice president argued that instead of arming non-Communist nations America should pursue a "policy of peace" which "rests on agreeing to live in the same world with Russia."

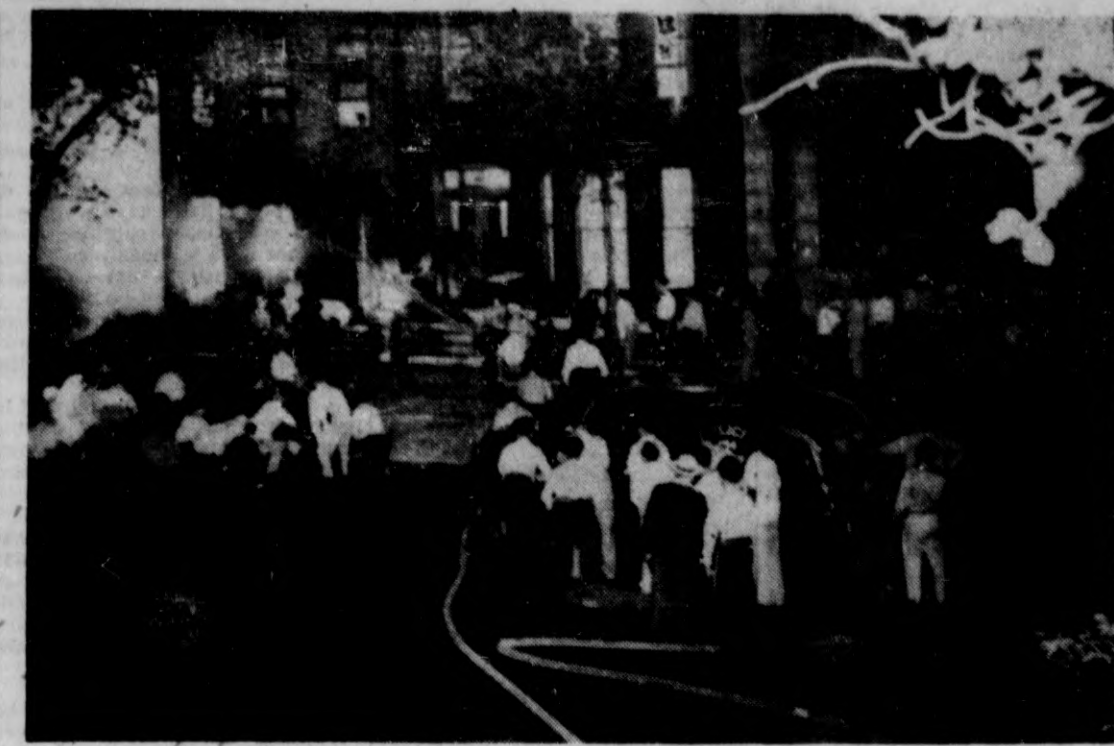

Wallace testified before the Senate foreign relations and armed services committees as administration leaders looked to the Senate to restore the 50 per cent slash in European rearmament funds made by the House.

The House on Thursday cut \$50,495,000 from the \$1,450,000,000 arms-aid bill, then shunted to the Senate a measure calling for \$869,505,000 in foreign military aid. This was the greatest foreign policy defeat suffered by the Democratic regime in 16 years.

Wallace told the Senate committee: "The arms program is fatal to the economy of Europe and it will add to its insecurity."

"By the test of experience in Greece and Turkey and China, no arms program the administration has revised has led to anything but economic disaster."

The unsuccessful Progressive Party Presidential candidate said "it is shocking that the administration should propose another

CHICAGO, ILL.—An over-all view of the wholesale gun battle in Chicago last night between a dozen squads of police and Ernest Craig, 23, year old negro. Craig was trapped in the house on the corner which is ablaze from police flames. He was finally killed while fleeing from the flames after wounding five people including three policemen. The gunbattle started after a backyard quarrel in which Craig wounded a two-year old boy.

## Chicago Police Kill Crazy Man, In Gun Fight Lasting Three Hours

CHICAGO, Aug. 19. — (INS)—A two-gun fugitive wanted for shooting a child swapped bullets with Chicago police for nearly three hours last night before he was mowed down trying to flee the burning building in which he was trapped.

Five policemen and a spectator were wounded by gunfire. Another policeman was severely cut by glass when he heaved a tear gas bomb into the structure.

Some 200 officers poured more than 1,000 rounds of ammunition into the flimsy frame building during the sensational battle, which attracted an estimated 12,000 persons to the west side neighborhood.

Fights It Out

The crazed negro man's two revolvers were still blazing when he squirmed toward the front of the house through a foot-wide passageway and attempted to blast his way through the tight police cordon.

Firemen called to battle flames eating at the structure were driven back several times by the fugitive's gunfire.

A veritable hail of bullets from machine guns, rifles, shotguns and pistols riddled the negro man when he tried to sneak away through a narrow passageway beside the dwelling.

## Young Vet Likely For Legion Head

By EUGENE J. CADOU (N. S. Staff Correspondent)

INDIANAPOLIS, Aug. 19. — The American Legion appears a sure bet to elect its first simon-pure veteran of World War II as National Commander at its National convention in Philadelphia, Aug. 29-Sept. 1.

The three leading candidates, as well as two outside possibilities are service men in World War II only. The retiring national commander, Perry Brown, is a veteran of both World Wars I and II.

Insiders at Legion National headquarters in Indianapolis said today George N. Craig, attorney of Brazil, Ind., seems to be in the lead in the commander race.

Also highly rated are James F. Green, of Omaha, Neb., an attorney; and Erle Cocke, Jr., railroad executive, scientific farmer and lawyer of Dawson, Ga.

Mentioned are Don Wilson, of West Virginia, a former law partner of Secretary of Defense Louis Johnson, and Arthur Connell, haberdasher of Hartford, Conn.

Indiana will have the sixth largest national convention delegation 128 strong, whipping it up for Craig and hoping of repeating the victory of another Hoosier, Paul V. McNutt, who was Legion National head during the gay twenties.

Many observers believe that Craig, a Republican, has a political future if he is elected Legion National commander.

Craig, whose youthful appearance belies his age of 40, served under the late General George C. Patton in the Third Army, rising to the rank of lieutenant colonel. He participated in the campaigns of northern France, the Rhineland, Ardennes, and Germany.

## Family Returns To SILVER CITY, N. MEX.

Mr. and Mrs. Dawson Campbell, of Silver City, N. M., were guests of Mr. and Mrs. Wyatt R. Campbell, 424 East Moody avenue, Thursday for dinner.

The Dawson Campbells were called to this city due to the death of Mr. Campbell's brother, Robert C. Campbell, who lost his life in a plane crash near West Middlesex on August 6.

Mr. and Mrs. Dawson Campbell, the former who is a nephew of Wyatt Campbell, left for Silver City late Thursday. The New Mexico residents are owners of a large dude ranch there and have resided in that state for the past 20 years.

## Fourteen Playgrounds Busy During Summer Months

New Castle can really "pat herself on the back" for providing so many recreational facilities for the city's children.

The mayor's recreation program has progressed so rapidly that there are now fourteen playgrounds and a swimming pool at the Neshannock creek available for youngsters. Compared to some even larger cities, New Castle has more activities for both summer and winter.

Tournaments

Famous ball teams have made headlines, but so also do the playgrounds. Baseball tournaments have been held between various teams during the entire summer. And the boys aren't the only ones who enjoy sports. Girls have set up volleyball leagues and shown some excellent work. One team has gone so far as to make uniforms.

Capture Gaiety

Capturing the sustained, unrestrained gaiety that persists in a child's life are our city playgrounds. Each day, shouts of "play ball" echo from ball fields, or a tiny voice says "push me, Pat", as a child waits eagerly for a ride on the swing. Tether ball is a

## Radio Giveaways Banned By F. C. C., Beginning Oct. 1

By EDWIN HOFFMAN (N. S. Staff Correspondent)

WASHINGTON, Aug. 19. — The Federal Communications Commission in a far-reaching decision ruled today all "giveaway" radio programs must be off the air in three years.

Refuse Violators

The commission announced that, beginning Oct. 1, it will not renew broadcast licenses of any radio station carrying such programs.

All AM and FM radio stations must have their broadcast licenses renewed every three years.

The FCC ruling can be appealed in any United States district court. Sources close to the commission expect that an appeal will be filed.

No statement was available on whether it will be held against a station if it continues to carry giveaways programs until its license expires. Technically, the ruling applies only to those who propose to "continue to follow" a giveaway policy, when applying for a license.

The ruling is expected to scale down rapidly the number of giveaways programs on the air as the licenses of many stations will come up for review with the passage of time before the three year maximum is reached.

No Lottery Broadcasts

The commission banned "the broadcasting of any information concerning any lottery, gift enterprise or similar scheme, offering prizes dependent in whole or in part upon lot or chance."

It said that determination of whether a particular program is a lottery depends on the facts in each case, but added that these would include all cases where the (Continued on Page Two)

## Twenty-Two Killed In British Crash

(BULLETIN 2 P. M.)

OLDHAM, Eng., Aug. 19. — (INS)—Twenty-two persons were reported killed and eight injured today when a twin-engine British European Airways plane crashed five miles from Oldham while on a flight from Belfast to Manchester.

Five persons were taken to a hospital in Oldham.

Carrying 28 passengers and a crew of four, the plane hit a hill-top in the Moorland, five miles from Oldham and burst into flames. Rescuers had difficulty approaching the wreckage because of the intense heat.

British European Airways officials said that no Americans were believed aboard.

## House-Senate Clash On Foreign Aid Bill

By H. K. REYNOLDS (N. S. Staff Correspondent)

WASHINGTON, Aug. 19. — The five and one-half billion dollar foreign aid appropriation bill was stopped cold today by an uncompromising and heated battle between House and Senate.

House and Senate conferees met for two hours in an effort to reconcile different versions of the Marshall Plan fund measure, passed by the separate chambers, only to break up in complete disagreement.

Next Meeting Indefinite

Neither Sen. McKellar (D) Tenn., nor Rep. Cannon (D) Mo., Senate and House appropriators committee chairman, were able to say when another conference meeting would be held.

Pending an agreement, the economic cooperation administration, under new congressional stop-gap authority, may continue to obligate funds for European aid until September 15, and the army may proceed with relief activities in the occupied areas.

Discussion of Marshall Plan spending during the 1950 fiscal year disclosed that a basis for a compromise might be found if the conference could settle the question of the (Continued on Page Two)

Obsolete Equipment Thought Responsible For Tragedy—Believe Couplers Broke Mid-Way—Smoke Suffocates Passengers—Tunnel Mouth One Mile Away—Occurred South Of Chuknyong—No Evidence Of Sabotage Yet.

By SARAH PARK (N. S. Staff Correspondent)

SEOUL, Aug. 19. — Bodies of 41 Koreans who met horrible death from suffocation amid scenes of black terror were removed today from coaches of a train that stalled in a railroad tunnel south of Seoul.

Many other passengers in the six-coach train were injured seriously in a general panic after the train broke down.

The train jerked to a halt near the middle of the narrow two-mile tunnel late yesterday when couplers between the third and fourth cars became disengaged.

Heavy Smoke

After investigation, the engineer attempted to start up again and the straining engine produced thick billows of black smoke that soon dispelled an already limited flow of oxygen through the tunnel.

Passengers began to choke and gasp and headed for the doors and windows. Once outside the confines to the coaches they were blinded by the smoke filling the tunnel. They had only a 24-inch clearance between the train and the tunnel wall.

Death overtook many as they groped and staggered through the swirling black smoke.

Those who made the long black mile to the mouth of the tunnel heard the screams of the dying and injured but were helpless to aid in the inky blackness.

Kim Jaiha, chief of operators of the transportation ministry, said the southbound train carried an unknown number of passengers.

The tragic accident occurred in a tunnel just south of Chuknyong and about 100 miles south of Seoul.

Survivors To Hospital

Injured survivors were taken to a hospital at Andong, fifty miles south of the accident scene.

Jim Jaiha said preliminary investigation turned up no evidence of sabotage.

He said the tragedy may have been caused by worn couplers or by accidental release of emergency valves of the air-brake-equipped cars. Valve release would part the coupling devices.

## Tired Of Poverty Mother Kills Babe

By LEE FERRERO (N. S. Staff Correspondent)

CHICAGO, Aug. 19. — The 22-year-old wife of a jobless Chicago navy veteran confessed today she strangled her 6-day-old daughter with a diaper because she could not stand the poverty the family was living in.

The plump but attractive ex-University of Chicago payroll clerk said she thought about killing her infant for "about five minutes and then I did it."

Finally Broke

The confession of Mrs. Dorothy Skeech came hours after she had told police a fantastic story of being accosted by a "dark man" who threatened to kidnap the infant unless she gave him money.

The Susan, Elizabeth Skeech, found strangled last night on a bed in the family's dingy apartment on the teeming southside.

The weapon that took the life of the infant was a new plastic diaper bought by it's father, Thomas, 21, yesterday morning, a short time before Susan was brought home from the hospital.

The child was the couple's first. After dictating an oral confession, Mrs. Skeech slumped back in a leather arm chair and dictated a formal statement while munching a toasted ham sandwich.

Dry Eyed

Police said she was dry-eyed and cool.

The mother, Dorothy, first told police Susan was killed by a kidnapping prowler who surprised her in the couple's apartment.

The mother, a five-foot five-inch (Continued on Page Two)

## School Bus Signs Not Yet In Place

Lawrence County school districts have failed to provide the bus stop signs which they are required by law to do in order that they may be erected by opening of school on September 6.

According to Alfred Martin, County Superintendent of Highways, no district has yet reported to him that the signs have been purchased. The laws requires the school district to procure the signs and they will be erected by highway department employees.

The signs must be erected 25 or 30 feet in advance of where the bus is to pick up or discharge school children. If stops are made along the public highways where the signs are not erected, it will be an illegal stop according to Mr. Martin.

The purchasing of the signs is not optional with the school districts according to the highway chief, but it is mandatory, according to the law. With only a few days remaining until the opening of school in most districts, the department will have a mountain sized job in erecting all the signs. All school districts are requested to notify the State Highway Department immediately if their quota of signs is on hand in order that the maintenance employees can begin the gigantic task of erecting them. Letters giving the law concerning the signs were sent out to the various districts some time ago but little action has been taken.

Clancy, a navy veteran of four years combat in the Pacific, is believed to be suffering from combat fatigue. District Attorney William S. Rahauer had issued a public appeal to the fugitive to surrender, promising he will receive medical attention.

Witnesses in the Clancy home at the time of the killing told police that Clancy had called his mother to his third floor room. Shortly afterwards they heard a scream and ran up the stairs to a second floor landing where Mrs. Clancy's body lay. Police found a five-foot blood-stained furnace poker on the floor beside the body.

# Maintain Embargo On Arm Shipments To Middle East

By JOHN A. REICHMANN

(L. N. S. Staff Correspondent)

WASHINGTON, Aug. 19.—The United States maintained an embargo today on arms shipments to the middle east pending a review of its policy in that area.

Assurances have been made to members of congress that in no event will American munitions be sent to the near east in quantities which might produce an armaments race.

The future policy of the United States on this subject has been a matter of major concern to the young state of Israel ever since the United Nations security council lifted its order for an embargo on arms to the area.

Actually, according to those responsible for licensing arms shipments, no arms have gone to the middle east since the U. N. made its decision.

It was believed probable that, when a policy decision has been made, only those arms necessary for the maintenance of internal order and security will be allowed to go to the area.

The United States announced its decision not to send arms to the Holy Land in the fall of 1947, before the United Nations imposed its own embargo.

The problem was most recently discussed during an hour long conference between Assistant Secre-

tary of State George C. McGhee and Israeli Ambassador Eliahu Elath yesterday.

Elath repeated the fears of his government that heavy shipments of arms to the middle east countries might revive the inflammatory situation there. He expressed the belief that the recent overthrow of the Syrian government would not have taken place if there were no promise of arms available.

Elath charged that the hope of arms from western powers in-

## Rumba King Cugat's Wife Seeks Divorce

NEW YORK, Aug. 19.—(INS)—

Glamorous Lorraine Allen Cugat announced today that she will rumba out of Rumba King Xavier Cugat's life—permanently.

Mrs. Cugat, married to the band-leader-caricaturist late in 1947, said she plans to file suit for divorce in Los Angeles in two weeks, charging incompatibility. She said: "He asked me for a reconciliation, but I said no."

The Cugat's married life has been on the stormy side lately. Mrs. Cugat accompanied her Spanish-born husband on his recent South American tour, but returned to the U. S. ahead of him. A night club rumpus not long ago was the end.

Lorraine was married to the maestro after Carmine Castillo Cugat won a divorce from him on charges of desertion. She said that despite her entreaties, he walked out and refused to return to their home.

Carmine got a fat out-of-court settlement of 17½ per cent of Cugat's earnings, with a minimum of \$250 weekly and a maximum of \$500.

## Deaths Of The Day

Mrs. Vincent Isabella

Mrs. Florence Isabella, aged 63 years, wife of Vincent Isabella, 1115 Croton avenue, died Thursday evening at 9:15 o'clock, in the Jameson Memorial hospital, after a lingering illness.

Mrs. Isabella was born February 2, 1886, in Cegwinari, Italy, daughter of Lois and Marie Palladino. "winner or winners are required to be listening to or viewing the program in question."

This in effect would ban such popular programs as "stop the music," "spin to win," etc.

In addition, the commission provided that the winners must be required to furnish any money or "thing of value."

No Answers

The winners also could not be required to "answer correctly a (broadcast) question," or to "answer the phone in a prescribed manner or with a prescribed phrase."

The commission's vote in favor of the new regulations was three to one. Commissioner Hennock was the lone dissenter.

Chairman Coy and Commissioners Hyde and Jones did not participate in the vote which raised the issue as "are quiz programs lotteries?" concerning Station WARL, Arlington, Va.

About a year ago, an FCC hearing examiner condemned this station's program "dollars for answers" as being a lottery and in violation of existing regulations.

NEW YORK, Aug. 19.—(INS)—All four major networks withheld immediate comment today on the decision of the federal communications commission banning radio "giveaway" programs.

Network officials were reported studying the decision, which would have the effect of barring programs amounting to many thousands of dollars in revenue.

The American Broadcasting Company, which is credited with starting the major trend toward giveaways with "Stop The Music," promised a statement later.

NBC, which recently abandoned a long-standing voluntary rule against such programs by airing a big giveaway involving Hollywood stars, said: "no comment at present—we're studying it."

CBS, which has a large number of giveaways, and MBS also declined comment for the time being.

It is understood many brewers are unloading their high-pressure signs to commercial sign makers and sellers.

Under liquor laws, liquor and beer-dispensing establishments may not accept name signs free from manufacturers. Gifts also are prohibited under the new law.

Manufacturers and distributors will be allowed to put up signs on their premises advertising brands they handle, a board spokesman said.

The new law will limit window ads to 300 square inches per manufacturer with no cost ceiling on each display. Inside displays will be limited to a maximum of \$20 each manufacturer with no sign exceeding the value of \$10.

Window Signs

Window displays are not covered under the expiring law while outdoor signs are limited theoretically to a value of \$25 and indoor displays to \$10.

A Justice Department spokesman said the elimination of outdoor brand signs would ease the Liquor Board's job of enforcing its advertising regulations.

He pointed out there was always difficulty to determine the actual value of signs and much of it centered in determination of whether outdoor signs exceeded the value of \$25.

The new law, while appearing to crack down on manufacturers, actually carried the unpublicized endorsement of the industry.

Retailers who benefit from brand advertising since manufacturers supply the displays, did not object to the measure during the session since it contained a provision effective September 1 allowing taprooms to sell 144 ounces of beer per customer for off-premises consumption, which is double the present limit.

PRESIDENT PLANS

BARNSTORM TRIP;

TO PAN CONGRESS

(Continued from Page One)

crans of Foreign Wars. The second trip is a week later when he addresses the American Legion convention in Philadelphia.

Speaks in Pittsburgh

The following Monday—Labor Day—he makes two speeches—hundreds of miles apart in a single day—one at Pittsburgh at the Allegheny county fair, the other at Des Moines, Iowa, to the Amvets.

But to competent political observers, this series of speeches—and their timing—appear to be the new Truman strategy that has replaced the threat he voiced last winter to a Democratic gathering in Washington "to get on the train and stump the nation again from coast to coast" if congress didn't take affirmative action on his legislative program.

While the president will be addressing three veterans groups, actually he will be reaching a nationwide audience.

All four speeches will be broadcast.

He will reach the vast numbers of veterans of both world wars—all voters—through his actual appearances before them. To the first two, he is expected to talk about national defense and veterans affairs.

But the real political dynamite lies in the Labor Day speeches.

At Pittsburgh he is expected to take a roundhouse swing at those who have blocked his legislation. Mr. Truman will talk about labor's share in the nation and the fact that the congress thus far has failed to act on repeal of the Republican Taft-Hartley labor act with a return to the more liberal Wagner act.

## PLAYGROUNDS BUSY DURING SUMMER

(Continued from Page One)

held lovely and colorful coronations. Summer "mock" weddings were staged with complete bridal parties. Mother and father were guests of their offspring. Even "bathing beauties" have put in an appearance at local contests.

Children have an abundance of energy and like to show it. But they also enjoy making things for themselves.

A display of a few samples of each type of handicraft work was shown recently. Sculptor's tools have been busy modeling, young sewing enthusiasts have stitched aprons, dolls and pot-holders.

Lovely gimp bracelets, crepe paper flowers, macaroni belts and wall plaques are made daily by the playground participants.

Aside from the swimming pool in the Neshannock creek, two wading pools are also available. Hot summer days have made them popular with the children.

In conjunction with the playgrounds, the pools at Ben Franklin and George Washington junior high schools have been opened. Many youngsters have taken advantage of the opportunity to learn to swim in a healthy and well-supervised pool.

Directors and Staff These playgrounds would not be the success that they are if it were not for the combined tireless efforts of the recreation directors and a staff of competent instructors and men who see that "all is well" at the grounds.

A. B. Alexander and Rees Flannery, as the directors, have been constantly on the alert to see that the program is handled smoothly, and that materials are available when needed. Well trained instructors are on the job each day from 9 to 4.

Pat Stitzinger, with the help of Carl White, conducts Harbor steet activities; Mildred Sargeant, Cascade park; Fred Wimer and Shirley Cook, George Washington; Robert Preston and Jane McGoun, Big Run; Don Black and Gerry Ginsberg, Mahoning; Bill Moore and Virginia Lightner, Gaston park; Mary and Rose Marie Sands, Pollock avenue; Harvey Burris, Shennango street; Ted Lewis and Winifred Kishart, Laurel avenue; Robert Jackson and Wilma Cavill, Farrell park; Minnie Colosa, Home street; Lois Baum, West Side; Marilyn Reeves, Croton avenue; Sherleen McGuire, Rose avenue, and Dorothy Naples, Dean park.

But what could be done, if the apparatus were not kept repaired? Steve Zubkousky and Joe Francul are the men who are around every day fixing swings, see-saws and fences. They have graded the ball fields and repaired shelter houses. The dam in the Neshannock creek was constructed by these men.

So now you may have a better picture of the city's playgrounds and can imagine the youthful glee that fills the air when the children are happy. You may understand why your youngsters like to attend the playgrounds daily.

What child wants to miss the activities and special events? The local playgrounds not only keep children off the streets and out of trouble, but provide a healthy, happy outlet for youthful vitality.

reddish haired woman, confessed after Detective Joseph Kurston informed her police had learned no one was seen entering or leaving the apartment.

In her statement the mother told Kurston:

"I killed the baby. I'm an only child and I've always had everything I wanted. My husband has been out of work and I couldn't bear it."

"And I couldn't see the baby not having anything. I thought about it for about five minutes and then I did it."

"I used the plastic diaper my husband bought this morning."

KLAN LEADER DIES

SUDDENLY AT HOME

(Continued from Page One)

58-year-old obstetrician who led the Klan in a post-war resurgence had lain down for a short rest. He died a few minutes later.

The death of the seemingly robust former KKK grand dragon shocked his home city. A son, Samuel, Jr., said the Klan's leader had been in good health recently.

An unidentified official of the white-robed Klansmen said the "konvocation" will be called immediately to select a new leader.

Dr. Green, long a stormy figure throughout the South was named imperial wizard of the "mystical empire" at a "konvocation" in Atlanta about three weeks ago.

Plans for his funeral have not yet been completed, but it was expected full Klan ceremonies will be held. However, Klansmen apparently will be unmasked. The imperial wizard banned masks in an order about a week before his death.

HOUSE-SENATE CLASH ON FOREIGN AID BILL tion of the future status of the foreign aid watchdog committee.

Both Stubborn The House conferees, backed up by instructions obtained from the House ten days ago, refused to yield to Senate insistence on a \$344,000 appropriations for the watchdog committee, headed by Sen. McCarran (D) Nev.

Answer of the Senate conferees was to refuse to enter into formal agreement regarding any other part of the bill unless the House conferees would accept the watchdog appropriation. On this point, both sides adhered stubbornly to their original positions. Progress was impossible.

Proposals advanced in the conference for dealing with the European recovery program included possible acceptance of the House total of \$3,468,470,000 for the full fiscal year ending June 30, 1950.

The House bill authorized use of this amount in only ten and one-half months. The Senate voted \$328,380,000 for a full year.

## MOORE-KNIGHT

### BEAUTIFUL RITE

The soft glow of candlelight illuminating the charming simplicity of the bridal white procession characterized the beautiful rite when Miss Bobette Irene Moore, daughter of Mr. and Mrs. H. Claude Moore, 205 East Sheridan avenue, became the bride of Joseph Gerald Knight, son of Edward Knight, of Highland Heights.

The ceremony was solemnized Thursday evening at 7:30 o'clock in the First United Presbyterian church with Rev. Robert H. Mayo hearing the exchange of vows at the double ring ceremony.

Chantilly lace over white satin enhanced the bride's loveliness of the young bride as she was accompanied to the altar by her father, who gave her in marriage. The bridegroom was dressed in a white tuxedo with a white shirt and a white bow tie. The bride wore a white gown with a white train and a white veil.

The ceremony was solemnized Thursday evening at 7:30 o'clock in the First United Presbyterian church with Rev. Robert H. Mayo hearing the exchange of vows at the double ring ceremony.

The evening reception was held at the home of the bride's parents, 205 East Sheridan avenue, with 60 guests in attendance. Miss Betty Horner and Miss Joyce Agnew poured at the reception. The bridesmaids were Mrs. John Shilling, Mrs. William Agnew and Mrs. Robert Cole. A five-tiered wedding cake graced the reception table.

The young couple will spend their honeymoon in New York and Atlantic City. Their place of residence will be 336 Park avenue.

Mrs. Knight is a graduate of the local high school and is employed at the First National Bank. The bridegroom is employed at Chapman's Dairy.

### E. L. V. Brunch

Members of the E. L. V. Club met Thursday at Cascade Park for a delightful brunch. Three tables of cards were in session. Prizes for the highest scores were awarded to Mrs. C. P. Herman, Mrs. Lewis Nelson, and Mrs. Fred Ulerly.

Next Thursday the club will meet at the Elks Club.

## NEW CASTLE STORE

### HAS ALL-DAY PICNIC

Management of the New Castle Store proved to be delightful hosts to employees of the store at an all-day picnic held recently at Camp East Brook.

General chairman and toastmaster of the day was Harry Culford, who kept the day rolling with his genial manner.

Things started off with a "bang" when the swimming races were staged. Winners of the event were Bill Bilger, Bill Mitchell, Jim Campbell and Lenora Dukes. Various lawn races were on the schedule. Some of the famous track stars would be put to shame if they could see the unbelievable efforts of such winners as Ruth Gilmore, Bill Bilger, Maxine Mantz, Alex Michaels, Frank Calieri, Lucille Shellig, Geraldine Flansburg, Walter Kerr, June Campbell, Maxine DeLuca, Jim Campbell, William Fessler, Bertha Maccon, Bill Cwynar, William Berkstresser, Becky Jones, Herb Myers and Betty Lekesto.

A delicious dinner was served cafeteria style to those present. Harry Culford led the group in pep singing during the course of the meal. The dinner was in charge of a committee composed of Ann Phillips, Daisey McCaslin, Elizabeth Reese and Hannah Richards.

"Swing your partner" was the theme of the evening, as the sports committee put on an old-fashioned square dance. Those responsible for the success of program were Frank Perry, Warren Williams, Bill Cwynar, Frank Stratomeyer and Virginia Myers.

Various games were in vogue, with Bill Bilger, Bob Wagner, and Grace Kelly in charge. The day ended with Jane Stardart winning the door prize.

## Back From The Depths!

## Russians Claim Wheat With Tremendous Yield

WASHINGTON, Aug. 19.—(INS)—Soviet Russia has come up with another claim of being first with something new—this time in the agricultural field.

The USSR information bulletin gives fulsome praise to a Russian who is reported to have developed "branched wheat." The wheat is alleged to yield three to four times as much as "ordinary" wheat.

The Russian claim that branched wheat heads contain 150 to 200 grains, as compared to 30 or 40 grains in most Soviet wheat. The information bulletin admits that branched wheat was known "in the early days of agriculture" but was not grown successfully until Red scientists tackled the problem in the past decade.

The USSR information bulletin also claims that "on the initiative of Lenin and Stalin" the world's largest agricultural research institutes have been founded in Russia.

Here in the United States, the Department of Agriculture has announced plans to increase grain storage facilities ten times. The cost is estimated at about 150 million dollars.

The department said it will purchase an additional 50 million bushels of storage capacity, to add to slightly more than 45 million capacity the government now owns. Earlier this year plans for purchase of about 50 million bushels' space were announced.

The department needs the new storage space primarily for its immense corn holdings. Last year's crop totaled a record three billion 651 million bushels, and almost as large a harvest is expected this year. The government may take as much as 400 million bushels of the corn crop.

Yesterday's congressional demand that a new farm labor contract be negotiated with Mexico probably will have repercussions in our neighboring republic. U. S. farmers complained particularly about the contract clause

that requires recruitment of farm labor some 200 miles below the border, while Mexican farmers much nearer were paying far lower wages than their northern neighbors.

This wage differential has caused many Mexican farm laborers to become "wetbacks," illegal immigrants who sneak across the border and have to be sent back when caught.

Mexican border farmers complain that the exodus of "wetbacks," particularly cotton pickers, leaves them without sufficient labor to harvest their crops.

They like the 200-mile provision.

## Hot Weather Note—Forests Are Cooler

HARRISBURG.—It's cooler in or near the forests, according to officials of the Pennsylvania Department of Forests and Waters. Tree leaves may contain as much as 75% water, and it requires more heat to raise the temperature of a given weight of water one degree, than for the given weight of almost any other substance.

As bare soil or rocks, exposed to the rays of the sun become heated many times faster than the water in tree leaves, the air above the soil, rocky or otherwise, becomes hot, while a good forest cover is still absorbing the heat and keeping the air below it cool.

## Picketing For Pop

NEW YORK, N. Y.—Mr. and Mrs. Henry Hickey and all the little Hickey's air a grievance against the Statler hotel in New York Wednesday. They're picketing because Mr. Hickey was discharged as doorman for "causes unknown." (Left-right) are: Johnny, 3; Robert, 1; Mrs. Hickey; Dickie, 14; Frankie, 11; P. J., 9; Henry, Jr., 8; Betty, 6; Margie, 5, and Sandy, 2. Hickey says he doesn't know why he was fired.

**TO CUT TIMBER**  
GREENSBURG, Pa., Aug. 19.—(INS)—Approximately five hundred thousand board feet of timber was marked for removal for the heirs of former Governor William H. Johnson by farm foresters of the Pennsylvania Department of Forests and Waters.

Governor Johnson, the state's

chief executive from 1848 to 1852, lived on a 300 acre estate located along what is now U. S. Route 30 between Legonier and Greensburg.

## Jap Beetle Damage Declines In State

Peak Of Beetle Numbers Reached First Week Of August; Fewer Insects Expected Now

HARRISBURG.—Plant damage from Japanese beetles is tapering off in the heavily infested southeastern Pennsylvania area, the State Department of Agriculture reports.

The peak of the beetle numbers was reached the first week in August. Fewer of the bothersome insects may be expected each week until mid-September. By that time practically all will have burrowed into the ground and females will have laid eggs for next year's brood, officials explained.

Jap beetles were particularly damaging to corn this summer and a number of Pennsylvania farmers

engaged commercial fliers to spread insecticides on their fields from airplanes. The beetles stop the pollination process by eating silk from growing ears of corn, giving the ear little chance to develop.

Hot weather brought the beetles out about a week earlier this year than usual. The heavily infested area includes the following counties: Adams, Berks, Bucks, Chester, Cumberland, Dauphin, Delaware, Lancaster, Lebanon, Lehigh, Montgomery, Northampton, Philadelphia and York.

In fighting the pest, the Department last May liberated 15 colonies of natural parasites of Jap beetle known as Tiphia wasps. Six colonies were established in Allegheny County, four in Franklin County, two in Dauphin County and one each in Adams, Luzerne and Union counties. The female wasps lay eggs on beetle grubs under ground and the wasp grub destroys the beetle grub. A limited amount of "milky disease," which

kills the beetle grubs and harms nothing else, has been distributed in parks, cemeteries and other open grass areas in various parts of the State where it would be most beneficial.

Greatest snowfall on record in the United States was 884 inches at Tamarack, Calif.

## Back After 36 Years

Friends and relatives gathered on Wednesday evening, at the home of Mrs. Hannah Howard, of Mt. Jackson road, for a party. The event was in honor of Mr. and Mrs. Ren Stoner, of Tulsa, Okla., formerly of this district.

Guests from out of town were Mr. and Mrs. Kenneth Howard and Mr. and Mrs. Leslie Howard of Struthers, Ohio.

Mr. Stoner displayed many pictures of relatives and of Tulsa. This is his first visit here, since leaving 36 years ago. He is in the radio business.

Mr. and Mrs. Stoner have returned, after concluding a visit with Mrs. Hannah Howard, and other relatives here.

## Bridge Club Has

## Dinner At Cascade

At Cascade Park, members of the Bridge Club gathered on Thursday, with Mrs. Paul Humphrey, as hostess.

A fine dinner was served in the grove by the hostess, at noon.

Games of contest were the pastime of the afternoon, with prizes falling to Mrs. Blanche Hadley, and the galloper to Mrs. A. F. Stritzinger.

The group will have their next meeting on Thursday, August 25, place to be announced later.

Victory Club  
Has Bridge Party

Dinner was served to members of the Victory Club, on Wednesday evening, at 6:30, at the New Penn hotel.

Several tables of bridge were in play during the evening, with prizes being captured by Mrs. S. D. Cox, Mrs. Harvey Duncan, and Mrs. A. F. Stritzinger.

The birthday anniversaries of Mrs. Cox, Mrs. Frank Calvert, and Mrs. Carrie Calvert, were celebrated, and all received nice gifts from the membership.

Next meeting is scheduled for Wednesday, August 31, at the home of Mrs. Carrie Calvert, of North Cedar street.

New Weights Act  
In Effect Sept. 1

HARRISBURG, Aug. 19.—(INS)—Four revisions of Pennsylvania's weights and measures laws enacted by the 1949 legislature will become effective September 1.

Chief among the new acts is a statute requiring light fuel oil dealers to install meters for deliveries of 50 gallons or more to domestic consumers.

The law does not apply to deliveries of heavy fuel oils or light fuel oils to industrial plants, nor where an entire tank or truck load

is delivered to a single domestic consumer.

Another new act will allow any inspector of weights and measures to arrest on sight persons who commit a violation of the commodity laws in the presence of the agent.

Coal dealers will be required to insert the certificate number of delivery trailers on weighmasters' certificates in addition to the vehicle license number, under another new statute.

A fourth act changes the penalty section of the fruit and vegetable container law to conform with penalty sections in all other weights and measures laws providing a minimum fine of \$25 for violators.

Employment Service Gives  
Graduates Fatherly Advice

By SAMUEL GAMBURG

(U. S. S. Staff Correspondent)

PHILADELPHIA, Aug. 19.—Thousands of Pennsylvania high school graduates not bound for college campuses got some fatherly job advice today from the State Employment Service.

The PSES, in an effort to pave the road to employment for the flood of high school graduates now without jobs, reported that the manufacturing field offers the best opportunity currently for work.

But the employment organization cautioned that manufacturing also is the first to feel the ebbs and flows of prosperity.

The retail and wholesale trades presents the next best chance for jobs, with a plentiful supply of sales posts seen available.

The PSES noted that although people keep leaving the farm, there are six million farmers who own their own land in the United States. In addition, there are several million farm laborers.

## Agencies Good

Local, state and federal agencies have good career opportunities, too. Despite common belief, there are many jobs in these fields which are not desk-confining, the PSES declared.

A long-term upward employment trend in the so-called service jobs was reported by the PSES. These include automobile maintenance,

film production and advertising.

Sharp ups-and-downs were noted in the construction field. Prosperity booms this field, but for a life-long career it is best to have a trade to steer a steady course, the PSES said.

## Domestic Service

Domestic service was seen as providing good opportunities for unskilled workers. A good demand was indicated for maids, cleaners, chauffeurs, and beginner cooks.

Finance, including banking, insurance, and real estate, also has good job opportunities. The PSES said most local banks look to high schools to supply them with beginning workers.

The PSES urged the high school graduates not to ignore the "more routine" jobs. They're the ones that offer the chance to earn while learning, it was pointed out.

Among the better "routine" jobs are general clerk and stock clerk. These generally feature regular hours, clean surroundings and a certain amount of independence, the PSES said.

If you don't like to be confined better skip cashiering, the PSES advised, and if you are subject to colds stay away from gasoline service station jobs.

Telephone operator offers good pay and working conditions, but you might come up against that night shift.

Beauticians usually meet a nice

class of people, but the PSES noted that the permanent wave business is declining because inexpensive home preparations have clogged the market.

Practical nursing offers almost continuous employment for girls interested in nursing. But without education credits for professional status. The job is a tough one, but satisfying, according to the PSES.

Two of the weakest jobs reported were photography and gardening. Picture-snapping is an overcrowded field and the pay isn't very good for seed cultivators, said PSES.

A really good bet, says the PSES, is a career at sea. The food, pay, working conditions and opportunities for advancement are excellent, but the seaman is away from his family for long periods of time.

Members of the Dale Carnegie Alumni will gather in the YWCA Wednesday evening, August 24, at 8 o'clock. The meeting is for graduates of the last three classes.

## Chapter Night Held By Ladies Of Moose

Mooseheart Alumnae Chapter night was held Wednesday evening at the Moose home under guidance of Chairlady Miss Charlotte Foster and her committee which included Mrs. Hulda Doerr, Mrs. Virginia Linton, Mrs. Loretta Moore, Mrs. Mildred Cartwright and Mrs. Mabel Scheil.

Complete ritualistic ceremonies were carried out and the three graces, faith, hope and charity, were explained to each new candidate. Also a detailed explanation was made about the organization's meaning for dependent children and security for the aged. Senior Regent Mrs. Charles Jameson and her staff of officers supervised the initiation proceedings. Mrs. Jameson recently returned from a tour of various Moose auxiliary organizations in Pennsylvania, Ohio and Canada. She was also a recent honor guest of the Toledo, O., auxiliary which ranks sixth in a class of over two thousand national auxiliaries of the Women of the Moose with a membership of over one thousand.

Mrs. Orpha McConnell substituted for pianist Mrs. Clara Hawk, who is now on vacation.

The Women of the Moose have planned a variety of social activities, the first of which will be a breakfast at Cascade park on Monday, August 22, at 9:30 a. m. On Tuesday, August 23, the Academy of Friendship will sponsor a twelve dinner at Cascade park at 6:30 p. m. The members have invited the Women of the Moose to be their guests. Mrs. Mildred Cartwright will be chairlady for this event. A corn roast is scheduled for August 31, at the summer cottage of Mr. and Mrs. James Cross at Ramblers Rest. The committee for this outing will be composed of Mrs. Elizabeth Cross, Mrs. Edna Cox, Mrs. Catherine Barnes, Mrs. Elgin McConnell and Mrs. Ethel Dibbley.

On September 2 there will be a committee chairladies' meeting at the home of Mrs. Ina Cleavelly, 1023 Cunningham avenue. Monthly reports will be given at this time.

The next regular meeting will be on Wednesday, September 7.

## PERSONALS

Mrs. Josephine Root Dibell is confined to St. Josephs hospital, Warren, O., with pneumonia. Mrs. Dibell is a daughter of Mr. and Mrs. A. B. Root, former residents of this city.

Mrs. J. Roy Osborne, 133 East Garfield avenue and Mrs. H. A. Anderson of New Castle, have returned to the city from Sharon, where they attended the funeral of Samuel Pitzer, former resident of this city.

## Rabies Laboratory Causes Lady Trouble

FALLS CHURCH, Va., Aug. 19. — (INS) — Mrs. Ralph M. Lockhart of Falls Church hopes that, with a veterinarian's help, she will not be called to come get her lost dog any more.

Mrs. Lockhart doesn't have a dog, but shortly after she moved to this Virginia town, her neighbors started calling her up and asking that she come get her dog.

The dogs included a coolie pup who was chewing up one neighbor's chickens, a Boxer, a French poodle and a Water Spaniel. In each case the callers said that the name "Lockhart" was on the collar.

The answer finally came yesterday when Mrs. Lockhart patted a dog that ran across her lawn. It also had her name on a collar tag. She called police for an explanation. Police called Dr. Robert D. Courter, a veterinarian. He explained.

It seems that one of the laboratories manufacturing rabies vaccine is Ashe Lockhart, Inc., of Kansas City. When a dog gets a rabies shot a tag is put on his collar, and the tag names the maker of the vaccine—not Mrs. Lockhart of Falls Church.

## Good Taste

By FRANCINE MARKEL

### RETICENCE IS A HANDICAP

"My sister, although very pretty and two years older than I am and now in her senior year at college, becomes actually tongue-tied when in the presence of any new masculine acquaintance."

Answer: She must be made to understand that there is no greater social bore than the silent sinner who is either too indifferent or too self-conscious to open her

mouth. And she must make an effort to contribute her share conversationally or she will find herself utterly without further social engagements. It seems to me that the majority of self-conscious people have little reason for being so.

And that many of the senseless babblers at large would do well to develop a little of this introspection—but they never will! I do not know what makes an inferior complex, but I do know that it is not inferiority. It's merely a condition of mind that can be overcome with determination to "snap out of it".

Some undergraduates with a strong yen to become regarded as intellectuals develop a snobbish-

ness toward boys of their own age who are not out to earn a Ph. D. or a Rhodes scholarship.

If your sister is really pretty, she will soon attract a man with whom she will fall in love and who will shock her out of her present shyness—either that or teach her a sad lesson by which she will abide when the next marriageable man comes along.

Question: How should wedding announcements be worded when the groom's parents are divorced and have both remarried?

Answer: They should be issued by the parents of the bride. The names of the groom's parents are

not mentioned in either the invitations or the announcements.

Present your problems to Miss Markel who will promptly send personal replies to questions from readers enclosing stamped, addressed envelopes.

No doubt you have noticed that our prices have taken quite a drop in the past four months.

This we can assure you, is not a market condition — but, rather, due to the adjustment of our prices. We are pricing our merchandise to meet or better an average of all cash-and-carry store prices.

The same high quality—huge varieties of foods—and "down-right low prices"—seem to be what our customers want and appreciate. These can always be had at the Cash & Carry Market.

Thank you for your business, and may we always be able to serve you better than ever in the future.

Respectfully yours,

# Pvt. R. R. Straitwell To Be Buried Sunday

Plan Rites In Mahoning U. P.  
Church For Lowellville Man,  
Drowned In Japan

PVT. R. R. STRAITWELL.

Funeral services for Pvt. Robert R. Straitwell of Lowellville, O., R. D. 2, will be conducted Sunday, August 21, at 2:30 p. m. from Mahoning United Presbyterian church (Tent Hall church), near Lowellville. Rev. Carl Robert Kelly will officiate at the services. Burial will take place in Lowellville cemetery.

Pvt. Straitwell, aged 19 years, was accidentally drowned in Lake Biwa, Omi Maiko, Japan, on July 18 of this year. Apparently seized by severe cramps while swimming in very deep water, Pvt. Straitwell attracted the attention of his buddy, Pfc. W. R. Davies, of Pomona, Calif., by slapping the water with his hands. His buddy tried to tow him to a pier about 75 feet away, but within four feet of the pier both boys went down together. Other swimmers rescued Pfc. Davies but were unable to locate Pvt. Straitwell's body until the following morning. He was on furlough at the time.

Pvt. Straitwell, attached to the 99th Quartermaster battalion, U. S. Army, had been stationed at Kyoto, Japan, since February, 1949. He enlisted June 23, 1948, shortly after graduating from Union high school. He received his basic training at Fort Knox, Ky., and specialized training at Camp Lee, Va., prior to his foreign service.

Born April 8, 1930, at Sewickley, he was a son of Harold L. and Hazel V. Brown Straitwell, and was a member of Mahoning U. P.

church and the National Rifle association.

Beside his parents he is survived by two sisters, Lois and Betty, both at home, and four brothers, Donald D. of Houston, Tex., Harold L., Jr., Billy and Jimmie, all at home, and grandparents, Mr. and Mrs. Aaron Smith of Brookville and Mrs. Thomas Brown of Reynoldsville.

Memorial services were held for Pvt. Straitwell August 3 at Kyoto Post Chapel, Kyoto, Japan, and were attended by his many friends and the entire personnel of the 98th Quartermaster battalion.

Friends may call from 2 to 3 and 7 to 9 p. m. Saturday, August 20, at the Cunningham funeral home, Lowellville, O.

## Fact Finding Board Criticized By N.A.M.

NEW YORK, Aug. 19.—(INS)—A spokesman for the National Association of Manufacturers criticized today the appointment of a fact-finding board in the steel wage dispute. He urged that the case be turned back to the parties concerned "for genuine collective bargaining."

Ira Mosher, former president of N.A.M., testified at the hearings before the presidential panel, but emphasized that he was not appearing as an advocate for the steel companies.

Mosher said the action which the board takes in the dispute will largely decide whether the nation is to have collective bargaining and a free economy, or industry-wide bargaining, compulsory arbitration and "statism."

He told the board the N.A.M. is convinced that "the appointment of a fact-finding board in this case was wrong," and said there has been speculation that a compromise recommendation will be issued.

"We do not believe," he said, "that this will be the case. But we are convinced that if such a compromise recommendation results, it would wreak havoc with our economy, and would strike a serious blow at collective bargaining."

Another witness, the president of Superior Steel Corp. of Carnegie, Pa., said in a prepared statement that the CIO United Steelworkers Union had rejected his company's offer to improve the existing social security program.

An earlier witness, Admiral Ben Moreell, president and chairman of the board of Jones and Laughlin Steel Corp., told the board that "the first call on available money is to keep our company productive and competitive."

# Peanut Hunt Keeps Harbor Street Youngsters Busy But They Have Fun

Ever look for a needle in a haystack?

That's how the youngsters felt on Wednesday afternoon as they looked for peanuts at the Harbor Street playground. High and low, in the sand box, around the apparatus, even on the open ground—everywhere the children looked for the peanuts.

Some of the "hunters" actually found quite a few, while others found them and ate them as fast as they picked them up! In any case, it was decided that David Michaels found the most for his efforts, and William Russell came in with a close second. The picture above shows Miss Pat Stitzinger, playground "instructor," giving a few hints on where nuts can be found.

Wednesday evening the group of playground participants journeyed to Lakewood Beach with the instructors, Pat Stitzinger and Carl White, and enjoyed an evening of swimming.

Football is fast becoming the main sport of the season once again. Everyday one can find groups of boys practicing the "great American game" at the playground. Who knows? There may be a future Johnny Lujack at the grounds!

Next week a boxing tournament will be featured, with a ring set up for the boxers. On Monday, the playground queen is to be crowned, with her name and court announced later.

What is believed to be the largest hand-dug well in the world—it's 32 feet in diameter and 109 feet deep—is at Greensburg, Kan.

## BEAVER TWP.

At a recent meeting of the Big Beaver Grange, the first and second degrees were conferred on Mr. and Mrs. Wells McCready, Mr. and Mrs. Clarence Cotton, Mrs. Wayne

McAnlis, and Joyce and Peggy Howarth. The degree work was directed by W. H. McCullough, Marjorie McAnlis and Mrs. Frank Jenkins.

The next meeting of the grange will be on Tuesday evening August 23. The change from the regular meeting night was made in

order to accommodate members of Pleasant Hill Grange, who will confer the third and fourth degrees at this time. Refreshments will be served by the social committee of Big Beaver Grange.

Every Saturday is a legal holiday in New Orleans.

# No Waterproofing Needed Here!

The building illustrated is one of the largest cement block buildings in New Castle. This building was built with 17,000 8x8x16 Superior Plain Block in the Main Building and 4,000 Superior Plain Block in the garage in the rear. The building proves the superiority of SUPERIOR CONCRETE BLOCK over other average cement blocks in their water-resisting construction. The approximate savings on waterproofing compound alone, not including labor would have exceeded \$1200.00.

## Force To Be Used In Finn Strikes

HELSINKI, Aug. 19.—(INS)—The Finnish cabinet debated new emergency measures—including the use of force—today to cope with a communist-led strike wave which brought troop and police reinforcements rushing to the danger zones.

Government spokesmen asserted that the labor disturbances—which have caused or will cause work stoppages in almost 20 vital industries—are aimed at putting Finland under communist domination.

The first violence in the labor disturbances erupted yesterday when 1,500 striking lumber floaters charged police at Kemi, northern lumber port. One striker was killed and six strikers and ten policemen injured in the melee. The mob was dispersed by tear gas.

The government, declaring the Kemi strike illegal, rushed soldiers to the region, and by nightfall, military spokesmen said the situation was in hand.

In addition, troops were dispatched to the southwestern port of Hangoe which has been crippled by the nationwide dockers' strike. Under the cabinet's emergency powers, Hangoe was declared an open port.

Already idle are workers in the timber floaters, dockers, building trades, bakers, millers and brewers union. Between today and Aug. 27, walkouts in the fish meat, cereals, textile, shoe, brick-laying, wood-working, transport, plumbing and rubber industries are expected to materialize.

In a nationwide broadcast last night, Justice Minister Aaro Simonsen declared that "the government can and will maintain order".

## Factor v Employment Dropped Two Per Cent

PHILADELPHIA, Aug. 19.—(INS)—Production employment in Pennsylvania factories dropped two per cent from June to approximately 958,000 in July.

The Federal Reserve Bank of Philadelphia blamed the decline on vacation closings during early July. Total wages and working time decreased three per cent in the month, the bank said.

## REV. W. J. HOLMES ON PASTORS' HOUR

Rev. W. J. Holmes will conduct the New Castle Ministerial hour Sunday afternoon, August 21, at 2:30 o'clock over WKST. "Blessed Are the Steadfast" has been chosen by Rev. Holmes as his theme. Appropriate music will be an added feature of the program. Rev. Holmes is a retired Presbyterian minister.

## Detective Shoots Rejected Suitor

LOS ANGELES, Aug. 19.—(INS)—A rejected suitor was shot and killed in a pre-dawn gun battle with Los Angeles police today, less than 24 hours after he had threatened a pretty drive-in cafe attendant who refused to patch up their shattered romance.

Ernest O'Bryant, a Wyoming oil rigger, was slain by one of two detectives assigned to protect the girl, Miss Dolores Pollock, 22, while at work.

She had reported O'Bryant threatened her with a gun yesterday.

## Harold R. Zook Enlists In Army

Harold R. Zook, son of Mr. and Mrs. Harvey Zook of RD 1, New Wilmington, has enlisted in the regular army for a three-year period.

Recruit Zook attended New Wilmington high school and was an active member of the basketball, baseball and football teams. He was employed by the Pennsylvania railroad.

## Hearings To Be Held For Judge Johnson

SCRANTON, Pa., Aug. 19.—(INS)—Hearings will be resumed in Washington Oct. 31 on the court battle of former Federal Judge Albert W. Johnson, of Lewisburg, for some \$45,000 in back pay and a \$10,000 annual pension.

Hearing Commissioner Raymond T. Nagle, of the U. S. Court of Claims, has notified Charles J. Margiotti, Pittsburgh counsel for the ex-jurist of the date for resumed hearings.

Additional sessions will be held in Lewisburg on Nov. 14.

## CHARLES RICHARDS AT GREAT LAKES

Charles Richards, hospital recruit, USN, son of Mr. and Mrs. Richards, 938 Morton street, is undergoing recruit training at the Naval Training Center, Great Lakes, Ill.

Upon completion of his training, Richards will be assigned either to units of the Fleet or to a service school for specialized training.

## State Clamps Down On Drunken Drivers

HARRISBURG, Aug. 19.—(INS)—The state's campaign against drunken, reckless and speed-mad motorists made headway during the first six months of 1949.

Acting Revenue Secretary Otto F. Messner announced today that suspension of operating permits for motor vehicle violators jumped 42 per cent during the period. Sixty-eight per cent of the violations were for speeding.

In the first half of the year, 14,212 motorists lost their operating privileges for periods up to 90 days, compared to 9,951 during the

first six months of 1948, Messner said.

Revocations increased 17 per cent in the period, climbing to a total of 1551, he added.

Speeding violations accounted for 68 per cent of the suspensions and reckless driving 11 per cent, Messner said. Among revocations, intoxication was the chief violation, accounting for 61 per cent of the total.

Speed arrests continue to increase, he reported. From a low point of 2,623 in 1944, the number of arrests for speeding climbed to 13,275 in the first six months of this year.

Although they caused no damage, more than 2385 earthquakes have occurred in Helena, Mont., since 1935.

## Firemen Praised For Recent Effort

Fire Chief Herman F. Steinbrink is in receipt of a letter from J. A. Lichtenstein, president of Jean Frocks, Inc., thanking the firemen for the splendid work they did in extinguishing the blaze in the local store, several weeks ago.

Mr. Lichtenstein stated:

"Permit me to express my sincere appreciation for the capable way in which you handled the outbreak of fire in our store on Thursday night. Your quick response to our call for help and your speedy and intelligent grasp of the situation resulted in keeping the damage to a minimum.

"Both for ourselves, and on be-

half of the staff of Jean Frocks of New Castle, we convey our gratitude for your efficient cooperation."

## DONALD CASTOR VISITS RIVIERA

Donald J. Castor, airman, USN, son of Mr. and Mrs. John J. Castor, 122 New Castle street, New Wilmington, recently visited the French Riviera as a crew member of the aircraft carrier USS Coral Sea.

Castor, who entered the Naval service November 7, 1946, received his recruit training at the Naval Training Center, Bainbridge, Md.

Before entering the Navy he attended New Wilmington high school.

Reading, Pa., is regarded as the pretzel capital of the country.

## Camp Experiment Receives Knocks

Identification Cards Prepared  
For All Judges Com-  
missioned By Com-  
monwealth.

### OTHER STATE NEWS IN SHORT ORDERS

**HARRISBURG, Aug. 19.**—(INS)—The state's well-intended experiment in conducting a summer camp for underprivileged boys at Indian-town Gap Military Reservation has resulted in one "rhubarb" after another.

The first was an authoritative charge that the youngsters were not getting sufficient food. This was corrected immediately when it developed the camp's catering contract had been let without bids.

The latest blast at camp's administration came the week when it was learned that two boys had been stricken with poliomyelitis. The camp's health supervisors, headed by State Health Secretary Norris W. Vaux, were placed under fire for failing to disclose the two polio cases immediately.

One high-placed administration spokesman was particularly critical of Health department's action in the situation. He pointed out that instead of being placed in the position of appearing to "hide" the two polio cases, the department rightfully could have won favorable acclaim by disclosing the two cases immediately and publicizing actions to prevent spread of the disease.

They pointed out that the two youths showed no conclusive symptoms of polio and the disease was not diagnosed until the boys had been under observation for several days at a Harrisburg hospital.

The State Commerce department has prepared official identification cards for all the judges commissioned by the secretary of the commonwealth. Deputy Secretary Gene Smith designed the card to help judges identify themselves when away from home. Recipients will be members of the supreme and superior courts and all county courts. The so-called associate or lay judges will not receive the cards.

The State Commerce department has undertaken a campaign to have Pennsylvania business and industry to fly the official commonwealth flag beside the U. S. flag throughout the year, but particularly during Pennsylvania Week.

A three by five foot print state flag can be purchased for \$16.25. The four by six foot size costs \$21. A similar Texas state flag, with its "lone star" emblem, can be purchased for \$3.50.

Should businessmen desire to go all-out for the department's scheme, they can purchase a fancy Pennsylvania flag, with the state's intricate seal in embroidery, for approximately \$60.

Several Harrisburg businessmen

reportedly are eyeing the lucrative concession business in state capitol buildings. The Department of Property and Supplies leases the concessions to operators on a flat \$15 per month—50 cents a day—basis.

One Harrisburger reportedly is willing to offer as much as \$2,000 for a franchise to operate the cafeteria in the huge brass and marble State Finance building. The cafeteria is the most convenient eating place for the 3,000 workers housed in the capitol group.

A select group of state officials was given an opportunity to enjoy the latest word in public transportation this week when the Greyhound Bus company brought its ultra-modern "Scenicruiser" to the capitol.

The capitol group was taken on a 16-mile trip in the new bus, the only one of its kind. Naturally enough, the group consisted of Public Utility commission representatives, who regulate public transportation; Revenue department officials, who license vehicles and newsmen.

## Largest Peach Crop In State Since '46

Report 1949 Apple Crop Will Be  
More Than Twice The Size Of  
The 1948 Short Harvest

**HARRISBURG**—The largest crop of Pennsylvania peaches since 1946 is now coming from commercial orchards and is expected to peak during the week of August 22, the State Department of Agriculture reports.

The 1949 apple crop is estimated at more than twice the size of the 1948 short harvest. According to Federal-State surveys the 1949 peach crop in Pennsylvania on August 1 was estimated at 2,194,000 bushels. July weather favored sizing of the crop and advanced the estimate by 56,000 bushels.

Harvesting of early peaches was well advanced by August 1. They

are reported to be of exceptional quality this year.

Picking of Summer Rambo, Duchess and Wealthy apples is progressing in the southern counties of Pennsylvania. The large crop of fall and winter apples will be of good quality. The Federal-State apple estimate for 1949 as of August 1, is 9,240,000 bushels, largest since 1942 and more than twice the size of the 1948 crop of 4,320,000 bushel, reduced by freezing weather at blossom time.

## Hard Coal Town Seeks RFC Funds

WASHINGTON, Aug. 19.—(INS)—Problems of Minersville, Pennsylvania hard coal community facing an economic depression, have been placed before a Senate Banking sub-committee.

Committee members are concerned with a bill to revise loan policies of the Reconstruction Finance corporation, but yesterday's testimony was devoted to the Minersville situation.

Spokesmen for the town, including UMW Vice President Thomas Kennedy and Sen. Francis J. Myers (D Pa.), testified that Minersville will be hard hit unless the M. & S. Coal Co. raises \$200,000 by Fall to keep back flood waters.

Kennedy rejected a suggestion by Sen. Fulbright (D Ark.), that the UMW put up the money from its welfare fund.

He explained that federal law prohibited the investment of the fund in anything but government bonds.

Kennedy criticized the RFC for allegedly refusing loans to the coal industry "even when they are good risks." The UMW executive pointed out that the industry "is now on a reasonably stable basis."

Sen. Myers, urging a government loan, maintained that if the mine closed, Uncle Sam would have to pay relief, unemployment and other aid costs to the town's 9,000 population.

The mine's president, A. J. Schrader, also owner of the Schrader Coal Co., of Scanton, Pa., testified that he put "about a half million" into the mine, which he took over in 1942.

Schrader said there were profits in 1942 and 1943, but that they were reinvested when fire broke out last year and that special machinery also was required.

Other witnesses estimated about 118,000,000 tons of coal were at the bottom of the M. & S. mine. Schrader said he thought there was more than that.

**Martin Gantz Plans Reunion**

Martin Gantz school chums and friends will renew old acquaintances at the Cathedral building Wednesday, Aug. 24.

The group of New Castle citizens who attended the grammar school at the corner of Jefferson and Grant streets have held more than 20 reunions and each year seem to enjoy the reunion more than the previous get-together.

Dinner will be served at 6:30, followed by a meeting and a program. Congressman Carroll Kearns, of Farrell, a distinguished alumnus of Martin Gantz, is planning to visit with old friends and new ones at the reunion if legislative duties will permit.

### MRS. M. LEATHERS SHOWER HONOREE

Mrs. Marshall Leathers (nee Laina Niemi) a bride of June 25, was pleasantly surprised at a post nuptial shower given in her honor at the home of Mrs. Victor DeCecco of 809 Pearl street, on Thursday evening.

Cards were the main diversion of the evening, with prizes captured by Mrs. Chester Walter, and Mrs. Ernest Matson.

Yellow and green was the color theme of the decorations, with a large bowl of summer flowers centering the table. A sprinkling can, with dainty streamers, was suspended over a large umbrella which concealed a basket of miscellaneous gifts.

A delightful lunch was served by the hostess, assisted by Mrs. Alfred Savolaine. Special guests were Mrs. Wayne Dahl of Cleveland, Ohio, and Mrs. Howard Lowery of Butler.

**Ladies of G. A. R.**  
Ladies of the G. A. R. gathered August 16, in Malta hall, East Washington street. Plans were completed for a tureen luncheon Tuesday, September 20, at noon in the hall.

The group voted to make a contribution to the escorts for Civil War Veterans who will be attending the National Convention, starting August 28, at Indianapolis, Ind. A contribution will also be made to the G. A. R. home at Swissvale.

**Reunited Ladies' League**  
Mrs. Edward Campbell, Boston avenue, was hostess to members of the Reunited Ladies' League at her home on Thursday evening.

Five hundred was the enjoyable pastime with honors going to Mrs. William Huston.

Later, a tasty lunch was served by the hostess.

The club will meet in two weeks, the place to be announced.

**Federal Housing Cost To Be Huge**  
HARRISBURG, Aug. 19.—(INS)—The Pennsylvania Realtors association today claimed that the federal housing program in Pennsylvania will cost huge sums for "surveys and plans."

The city of Philadelphia has applied for a \$1,150,000 federal loan to finance surveys and plans for 10,000 dwelling units, President Oscar B. Quinto pointed out.

"If the cost of this survey is any indication of what is to be spent in other cities, the entire housing program of 810,000 units will cost taxpayers \$92,150,000 for over-all surveys and planning costs," he stated.

"Spending of this staggering sum will not complete one housing unit, and construction costs must be added to the total expenditure."

Benefits from the housing program will not be realized for two years, he claimed.

County Schools Get Ready  
For Opening Of Term  
Next Month

## OTHER NEWS OF

## COURT HOUSE HILL

Plans for the opening of the county schools were brought one step nearer this week when an inspection of all school buses were made by state police, insuring that the transportation of pupils will be conducted as safely as possible.

With only a few exceptions, all county pupils are now transported in buses to consolidated schools and the buses are rigidly inspected to see that they are in good physical condition.

The first schools of the county will open on August 31, these being the schools of Ellipton borough and Wayne and Perry townships.

Most all other schools will open on Tuesday, September 6, the only exceptions being the Mahoning, Shenango and Union township schools, and the Shenango-Taylor joint school, which will start their term on September 7.

## FORMER SHERIFF SUEED

A scire facias suit judgment has been filed in the office of the Prothonotary against former Sheriff Edward D. Pritchard to collect the sum of \$613.35 which it is found is owing to the county from overpayments made during his term of office. The judgment includes notice to the U. S. Casualty company, which was the sheriff's bondsman during his term.

The surcharge first appeared in 1940 when the amount was \$260.97. Several other items have been discovered from time to time which brings the amount, together with interest at six per cent, to the present sum of \$613.35. The scire facias is returnable on the second Monday of September, 1949.

## SENTENCED ON MORALS CHARGE

In the case of Aorel Ferdu of 8 East Reynolds street, charged with a serious morals charge against the person of an eight-year-old girl, Ferdu was brought before the court for sentence Thursday, when he was fined the costs, \$200, and sentenced to the county jail for four months. The offense was committed on June 14, 1949.

## ATTEND CELEBRATION

County commissioner and Mrs. Harvey Bush, and family, of Hillcrest avenue, were in Chautauqua Lake, N. Y., over the weekend, where they attended the 76th anniversary program of the founding of Chautauqua. Their son, Harvey B. Jr., was a member of the Chautauqua Quartet, which furnished some of the music for the program.

## THE FAMILY SCRAPBOOK

By DR. ERNEST G. OSBORNE

## Parlors or living Rooms?

In the days of our grandparents every respectable family had a parlor. Usually these were used only on special occasions. Most of the time the shades were drawn, the unused furniture was kept carefully dusted, and the whole room had a funeral-parlor atmosphere. Children were rarely allowed inside except on the special occasions when "honored" guests arrived.

The word "parlor" itself is used infrequently nowadays. We speak of the "living room" or the "front room." In some families, though, the idea hasn't changed much. Children are expected to read or play elsewhere and a good deal of fuss is made about keeping the living room spic and span.

Most of us feel that the whole house should be a place in which we can live comfortably. No longer do most people feel that one room should be kept as a special

place. If you carry over the "parlor" mentality, ask yourself a few simple questions.

"Do our visitors really like to be 'received' in a special room or to be with us in homelike quarters?" "Isn't it better for the family to have plenty of room to spread out, rather than to feel that one place has to be avoided?" (Copyright, 1949, by United Feature Syndicate, Inc.)

## U. S. Got "Mickey" WCTU Head Thinks

PHILADELPHIA, Aug. 19. — (INS) — The Woman's Christian Temperance Union charged today that Russia slipped Uncle Sam a "Mickey" at the Yalta and Potsdam conferences.

Mrs. D. Leigh Colvin, president of the WCTU, said that the Soviets "outwitted" American delegates to the conferences "by plying them with vodka while the Russians drank water from vodka bottles."

She added: "American representatives wondered at the conferences how the Russians could consume such large quantities of vodka and keep sober, when it had such an intoxicating effect upon the Americans."

Mrs. Colvin said that "drinking by U. S. officials" at the two history-making conferences "was greatly responsible for the concessions made to the Soviets."

She did not mention the names of any U. S. officials, however. She added:

"Reports of the large consumption of alcohol at the conferences when the rulers of the great powers met for momentous decisions is disturbing to thoughtful and prayerful people. God only knows what the price has been or will be of repealing our prohibition laws."

# Babson Discusses Your Everyday Taxes

By ROGER W. BABSON  
(Copyright—1949—Publishers Financial Bureau, Inc.)

GLOUCESTER, Mass., Aug. 29.—A young friend of mine arrived home the other night to find his wife on the warpath. She had kept account, for the first time, of every cent she had spent that day on taxes.

First she went shopping for some of the articles used in most homes as regular necessities. She bought Roger W. Babson a small container of deodorant (Fed. tax \$.06), and one large container (Fed. tax \$.12). She also bought one can of baby powder (Fed. tax \$.10), a bottle of baby oil (Fed. tax \$.20), and one medium sized jar of hand lotion (Fed. tax \$.09). Any woman who does her own housework will tell you that the last mentioned item is no luxury.

Everyone Pays the Same Federal Sales Taxes

Next, my friend's wife paid two bills, one for her husband's safe deposit box (Fed. tax \$1.00) where a very few government bonds repose. At the telephone company where she paid her second bill, there was a Federal tax of \$.30 for "local service and equipment," another \$.38 on "message units," and another \$.13 on a nearby toll call. The bill was \$7.82. \$1.07 of this amount went to the government. The same morning she had the family car filled with gas. This tax amounted to \$.45 on 10 gallons, as the Mass. state tax is \$.03 on each gallon and the Fed. tax is \$.01½. All these taxes are in addition to the taxes the corporations (which are already taxed to the hilt) pay.

At noon, this young housewife, sick and tired of Federal and state taxes, went to a restaurant for lunch—one where she could get a "99c special." A choice of beverages was included. She decided to have tea—"iced." When the bill came she found that 5c had been added for the ice! The bill was \$1.10. She figured that having her tea had cost her 11c extra, 6c of that amount going straight to the state government for the "old age" tax.

Multiplication

The above little story explains

why this housewife came home angry and resentful. She had turned over in that one morning \$2.81 in taxes to the Federal government and \$.36 to the state—a total of \$3.17. She had not bought what seemed to her, or to any thinking person, a single luxury. Small potatoes? Multiply that amount by all other housewives in the United States out on a normal morning's activities and you will see where the money for social experiments is coming from—out of your own pockets.

G. E. Glander (Ohio tax commissioner and president of the National Association of Tax Administrators) says that in the past 30 years annual taxes in the U. S. A. have risen 1,500 per cent. Someone has estimated that when a baby is born in the United States he can count on spending several thousand dollars in gasoline taxes alone before he dies. "There are 200 separate taxes in the price of gasoline levied at different stages of processing from the oil well to the gas pump," according to the American Petroleum Institute.

Where Is It Going? You can figure that you are working for at least three months of every year entirely for the government, not keeping a cent from your labors during that period for living expenses. These taxes are enough to support one government employee for about every seven families in the U. S. In the last 20 years the population of the United States has increased 21 per cent. The Federal employee increase has been 250 per cent. It is your money which is being spent on all "security experiments." If you save a dollar for the future you have that dollar, plus the interest it earns ready and waiting for you when you need it. But when you hand over a dollar to the government in taxes, you have very little to show for it.

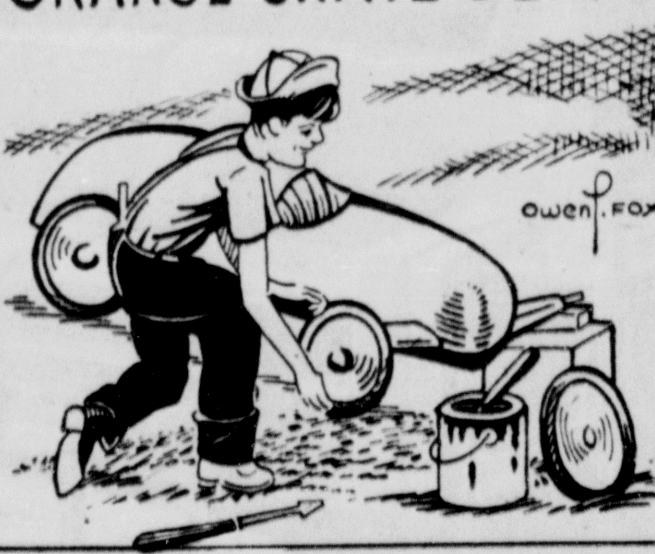

A national health program, for instance, would call for almost as many more government employees to operate it, and keep the records, as it would require doctors. Your doctors bills might be less; but your taxes would be more. All these "social programs" mean higher taxes for you, both on income directly and also on what you buy. It is well said that "government has nothing except what the working taxpayer gives it." You are the working taxpayer. What is your desire, to spend your own money as you see fit or to turn nearly one-third of it over each year to the government to spend? Upon your choice depends the freedom of the individual in this country.

BAN AUTO NOVELTIES  
HARRISBURG—It is unlawful to place any sign, poster or device upon the windshield, side wings, side or rear windows, of a motor vehicle, without the express approval of the Secretary of Revenue according to State Police Headquarters. Novelties are appearing as illegal decorations, and motorists should remove them at once in order to comply with the law, state police said. The Vehicle Code provides for a fine, or imprisonment in default of the payment of the fine.

### Winners Announced For Craft Work Of City Playgrounds

Handicraft work that has been done by the youngsters of the various city playgrounds is on display all this week at the Davis Shoe store window. Competition was keen for the prizes to be awarded, as there were so many unusual and clever entries turned in for the display. It was finally decided to give the awards for cloth work, crepe paper construction and gimp work.

Miss Adeline Ludovici of 805 East High street, a nine-year-old participant of the Pollock playground, is to be given the first prize for her "baby" set. Her gift package includes a scarf and dish cloths which she arranged and tied with bows in a clever way to resemble a baby jacket and bonnet. A lovely arrangement of crepe paper flowers in a "vase" won the second prize for Miss Sylvia Rose, a 15 year old girl who attended the West Side playground. She lives at 109 O'Brien avenue. Little Miss Delores Murphy, age 11, of 1304½ Howard way, captured third prize for her attractive blue and yellow gimp bracelet. A dainty umbrella made of hankies won the fourth place for Miss Shirley Gibson, 11 year old girl from 115 Garfield avenue, who attends the George Washington playground each day. Judges for the contest were A. B. Alexander and Rees Flannery of the City Recreation Board. Mrs. Ray Fredericks and Miss Mary Carigan. Prizes will be awarded in the near future.

### Mullentowners Have Twentieth Reunion

Annual Gathering Held By Former West Side Classmates Despite Rainy Weather

Mullentown school (West Side) held their twentieth annual reunion at Cascade park on Wednesday with approximately 85 in attendance.

Despite the rain in the late afternoon and evening, the reunion proved to be an enjoyable one. Dinner was served at 6 p. m. in the park grove. The tables were decorated with beautiful cut flowers in season.

George Glass gave the invocation. After the dinner a business meeting was called to order by President Charles Smith of Sharon. Minutes of the 1948 reunion were read by Secretary Ida Reynolds.

olds Suber and approved. Ruby Brooks Rote gave the treasurer's report. Officers were elected: president, Clair Glass; vice president, Gerald Lemley; secretary, A. Louis Hannon, and Ruby Brooks Rote, re-elected treasurer.

Committees to serve for the coming year will be appointed by President Clair Glass at a later date.

A. L. Hannon, M. C. Secretary A. Louis Hannon was master of ceremonies. President Charles Smith extended the welcome and the response was given by Hugh Horton. Community singing was enjoyed, led by Hugh A. Hannon.

Impersonations of Al Jolson were enjoyed, given by Donnie Suber, and accordion solos by Tommy Clark were included on the program. Remarks were heard from George Glass, past president; A. Darrell Burke and George Loudon. Games and contests were held under the shelter due to the inclement weather. Winners were: cracker contest, Mrs. Pearl E. Han-

non and Mrs. Bessie Lemley; Mrs. Pearl E. Hannon won the needle threading contest. The oldest man present was George Glass, 72 years old, and the oldest lady was Mrs. Marie Phillips, 75 years old.

Those coming from a great distance were Mrs. Ben Glass of Youngstown, O., and Charles Smith of Sharon, Pa. Mrs. Ida Reynolds Suber had the largest family present, with 13. The youngest guest

was Tommy Redmond, 16 months old. The committee who aided to make the reunion a success were: general chairman, J. Clair Glass; table, Margaret McConnell, Mollie Patton and Nell Fulkerson; coffee, Marie Phillips and Myrtle Glass; program, Hugh A. Hannon; sports, Charles Smith, Clair Glass and Elmer Suber.

## Around Hollywood

By FRANK NEILL  
(International News Service Staff Correspondent)

HOLLYWOOD, Aug. 19.—Movie town characters—The guy who parlayed the sarong and Dorothy Lamour into popular American household words is giving Hollywood a new sexy raiment.

He is John Datu Arensma, who first suggested dolling Dottie up in a sarong for "The Jungle Princess" back in the pre-war days when Malaya and sex hadn't been considered in conjunction with each other.

Arensma, a movie technical director who lived on coffee and tobacco plantations in the Dutch East Indies for 12 years, has whipped up the "kabaya". This dainty dud is a hip-length slashed necklined jacket of sheer and flimsy material, and the flimsier the better.

### Out-Saronged

Miss Shelley Winters will wear the same in her latest flicker, "East of Java". Movie moguls predict it will become even better known than Miss Lamour's sarong.

Maybe it's sarong thing to talk about, but Arensma said that if any women in the audience are shy about their chests they may wear a simple wrap-covering called the "slangand", under the "kabaya" and still be in perfect Malayan cheesecake style.

### SQUAW TELLS INDIANS

Speaking of clothes, a white squaw is telling Indians what to wear in a new picture about the old west.

Less provocation has caused redskins to go into a war-dance in the past. So producer Nat Holt probably is taking his life in his hands by assigning Maria Donovan, a silent-drama actress, to design all the clothes for 500 bucks and braves for "The Cariboo Trail".

The real Indians, garbed in loin cloth, feathers and beads, Miss Donovan concocted for them don't particularly like their movie outfits. They prefer work shirts and denim.

This is Miss Donovan's first experience with Indians. She thinks maybe it could be her last.

### PRISON AUTHORITY

In a town where the atmosphere is vibrant with the howls of citizens who don't want to be typed, director Crane Wilbur has earned himself the tag of "prison expert".

With "The Story of Molly X" at Universal-International, Wilbur wraps up his ninth prison picture. In the process of writing or directing them, or both, he has become the recognized authority in Hollywood on modern penal systems.

For his fabulous movie-maker, "Canon City", he went straight to Colorado to shoot inside the famous prison.

### Personal Contact

Wilbur never writes or directs a prison film without personally

investigating the real-life setting. This he did with "Alcatraz Island" and "Roger Toohy, the Last Gangster", which he made at Statesville prison, Ill.

Other crime films of Wilbur's were "Blackwell's Island", "Hell's Kitchen", "Over the Wall", "Girls On Probation", "He Walked By Night" and "Crime School".

### COMICS AS VILLAINS

The same studio has discovered a new field for the harvest of movie villains.

They're using radio comedians. In "The Story of Molly X" five well-known radio comics are played criminals in dramatic roles in which they utter not one funny line.

Elliott Lewis, heard on the air as Phil Harris' buddy, is a safe-cracker. So is Hal March of the comedy team of Sweeney and March.

Three gals portray hardened inmates of a women's prison. They are Sandra Gould, heard as Miss Duffy on "Duffy's Tavern"; Sara Berner, the wacky telephone operator on the Jack Benny show; and Cathy Lewis, co-star with Marie Wilson on radio's "My Friend Irma".

Hollywood, it seems, is trying everything to improve the quality of its product—even by switch casting.

## Odd Fellows Plan Ox Roast Sunday

Odd Fellows Lodges of Western Pennsylvania will hold their annual Ox Roast at Wayside Inn, Grove City, Sunday, August 21.

Ox-Roast sandwiches and coffee will be furnished by the home committee at the lodge maintained home for the aged.

Grove facilities are available for the picnic dinner and all Odd Fellows, Rebekahs, and their families are advised to bring dishes, and working tools.

The date for the picnic is also Grand Encampment Day and religious services will be conducted by grand encampment officers at 2:30 in the afternoon.

## Dr. Bennett Will Be Heard Sunday

Dr. G. S. Bennett, pastor of the First Christian church, will speak 9 o'clock in the morning in the Central Christian church, East Long avenue, in the absence of the pastor, Rev. James N. Rainey.

James Frost, student at the Phillips Junior University will preside over the service while Miss Mary Abraham will assist and be heard in solo selections.

Rev. Rainey is at Bell Vernon, Pa., speaking at the former church, where he served as pastor.

## "Pop" Tax Decision Faces Another Delay

HARRISBURG, Aug. 19.—(INS)—The long-postponed decision on the constitutionality of Pennsylvania's penny a bottle "pop" tax today faced another delay.

President Judge J. Paul Rupp of the Dauphin county court, which is considering the question, yesterday scheduled a reargument in the case September 16.

Equity suits contesting the legality of the tax were brought against the State Revenue Department by three soft drink bottlers. They are the Penn. Syrup Corp., the Philadelphia Coca Cola Bottling Co., and the Pepsi Cola Co.

The reargument was ordered after additional briefs were filed in the case, raising new questions before the court. Oral arguments on the suits were completed by the court last January, but a decision was delayed after the revenue department was granted permission to file a supplementary brief.

## New Style Diamond Displayed At Show

By PHYLLIS BATTELLE  
(L. N. S. Staff Correspondent)

NEW YORK, Aug. 19.—(INS)—An innovation in ring-making may cause a renovation in love-making this fall.

Jewelers throughout America met in New York this week, and saw a new \$35 engagement ring that looked four times that costly, thanks to an invention in mounting.

A five-point diamond stone was set in a high, tiffany mounting of the moderate-priced metal called palladium.

The brilliant white mounting and tiny stone caught the highlights, intensified the sparkle, and convinced experts at the "national jewelry show" that the stone was worth four times the price tag.

Said a spectator: "At a cut-rate price like \$35, who can afford to stay single?"

## WCTU Continues Drinking Attack

PHILADELPHIA, Aug. 19.—(INS)—More than \$1,000,000 an hour is spent for alcoholic drinks in America, according to a report today by the Woman's Christian Temperance Union.

Miss Violet T. Black, of Evansville, Ind., treasurer of the W. C. T. U., said the hourly rate for drinking by Americans was found by dividing the numbers of hours per year (8,760) into the nearly nine billion dollars spent annually for intoxicants in this country.

Declared Miss Black: "This money wasted for a product which is mankind's greatest enemy, would finance the building of 100 acute-care hospitals, costing \$10,000 each, every hour of the day or night."

## Hill School Will Have Annual Reunion

## Man Beaten, Robbed Of Seven Dollars

Felix Ramos, R.D. No. 5, Grove City reported to police early this morning that he had been beaten over the head and robbed while enroute to New Castle from Farrell around four o'clock this morning.

Ramos said that he had picked up a man at the Square Deal Cafe in New Castle and took him to Farrell with him. When returning, the man struck him on the head, robbed his billfold of seven dollars in cash and several cards.

The culprit then drove Ramos' car back to New Castle, parked on Washington street and escaped. Ramos reported the incident to city police who made a search for the man but were unable to locate him. Ramos description of the robber is as follows: 23-24 years of age, five feet, four inches in height, and weighing 135 to 140 pounds.

# Nationalists-Reds In Clash For Canton

CANTON, Aug. 19.—(INS)—A military spokesman in Canton declared today that 600,000 Chinese Communists and Nationalists soon will come to grips in a showdown battle for the provisional capital of Nationalist China.

The spokesman said the Communists are throwing about 300,000 men into their bid for Canton, against an equal number of Nationalists.

He said that the most active theater in Southern Kiang Province bordering on Kwangtung Province in which Canton is located.

The spokesman denied reports that Communists have crossed the border in Kwangtung but acknowledged that Tayu, overlooking the provincial border, 175 miles north of Canton, has become a "ghost town."

He said that the East river and North river sections of Canton have been fortified for the expected assault.

Evacuation of Americans from Canton has gotten under way in earnest in anticipation of the climactic battle, but there was no rush of others to evacuate to Hong Kong.

The U. S. Consulate sent its essential documents and some personnel to the British crown colony. The recently opened U. S. Information Service building was boarded up.

A nationalist official, meanwhile, indicated that the American vessel S. S. General Gordon would probably be given safe conduct to dock at Shanghai on September 15 and pick up Americans.

He said that the granting of con-

sent might "take a little time," however, because the Ministry of National Defense, now blockading Communist-held ports, must be consulted.

American missionaries, including the faculty at famed Lingnan university, showed no desire to leave Canton hastily.

**British Attitude**

A Canton official said that Nationalist representatives in Hong Kong were discussing with British authorities the crown colony's requisition yesterday of the China National Aviation corporation facilities.

Meanwhile, Nationalist China protested to Britain that the royal navy violated Chinese sovereignty during the recent escape of the sloop Amethyst from a Communist trap on the Yangtze river.

In a note handed the British Embassy, the Canton government charged that HMS Concord displayed "a very bellicose attitude" when it sailed up the Yangtze on July 31 to aid the Amethyst.

The Amethyst, which was trapped and shelled by Red batteries on April 20, with the loss of 44 lives, escaped downriver and rejoined the British fleet.

**TRIES AGAIN**

SALT LAKE CITY, Utah.—(INS)—Speed driver Ab Jenkins has removed his "Mormon Meteor III" from a state capital pedestal for reconditioning and an attempt at more speed records this month on the Bonneville Salt Flats if conditions are favorable.

Pigeon Key, between Miami and Key West, is the smallest inhabited island in the world.

## Psychiatrists Puts Blame On Parents

(By International News Service)

PITTSBURGH, (INS)—When parents take their children to a psychiatrist, it may be the parents instead of the children who need psychiatric attention.

Drs. Edward A. Tyler and Eugene B. Schuster of the Allegheny County Medical Society assert that emotional and personality insecurity in children may simply be reflected from the parents.

Pointing out that parents play the most important part in child personality development, the physicians deplored the condition today which seems to place parent-hood second in married persons' lives.

He predicted that emotional distresses will disappear when young people, are given training and understanding in becoming good parents, just as they are trained for skilled jobs.

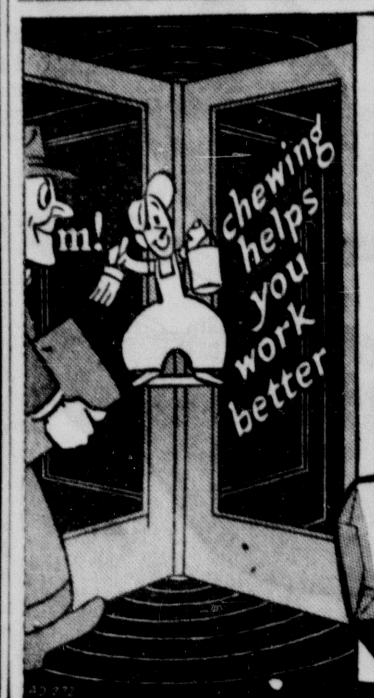

Disclosing that most personality faults can be cleared up in four to 12 months of treatment, Dr. Tyler urged parents to take such treatment with their children.

## Rickenbacker's Mission Recuperates From Riot

By JAMES L. KILGALLAN  
(U. S. Staff Correspondent)

LIMA, Aug. 19.—Col. Eddie Rickenbacker's good-will mission to South America, with an arsenal consisting of Arthur Godfrey's battered ukulele, recuperated in Lima today from the effects of running the gauntlet of a riot in Chile.

Rickenbacker, president of Eastern Airlines, Godfrey, the inescapable radio and television performer, and this correspondent were caught in a flurry of shooting near the presidential palace in Santiago.

The "Captain Eddie" of World War I, who has survived plane crashes on land and sea and the Indianapolis auto races, as well as his war adventures, was undaunted by his latest experiences. He said:

### Possibilities

"Latin America has great possibilities. Perhaps tourism is one of the greatest."

We were en route to the Union club in Santiago for dinner when Carabineros fighting a mob demonstrating against higher bus and trolley fares advised us to return to our hotel, saying:

"Proceed single file and hug the walls."

We skipped the dinner.

The rioting reportedly took the lives of eight persons and resulted in injury to 20 more. The demonstration reportedly was Communist-inspired.

(Chilean press reports later set the toll at 11 dead and scores wounded.)

### Cameraman On Roof

Godfrey went on the hotel roof to take movies of the riot.

A foretaste of the evening excitement was given at a luncheon in honor of Rickenbacker at the same Union club. Students at the University of Chile law school across the street from the club booed steel-helmeted Carabineros.

The booing and sporadic shooting forced speakers at the luncheon to strain their voices in order to be heard.

Reports filed by this correspondent from Santiago were held up, it was learned on the arrival of the determined good-will group in Lima.

## Carbon Employees Discuss Strike

Issues Causing Strike Discussed By Members Of Local 312 OF U.C.W.

Three hundred workers gathered in St. Lucy's hall, Hillsville, Thursday evening, to discuss the strike situation of the Carbon Limestone company at Hillsville.

In addition to about 200 members of Local 312 of United Construction Workers who addressed the group on the strike situation were: Leo W. Heilman and Adam Adamczyk, H. J. Davis, president of the Annondale local also spoke.

President of Local 312, William Shulack, presided at the meeting and said in part:

"The union is interested in getting the strike settled as soon as possible. The union is willing to meet with company officials to conduct negotiations at any time, whenever a date is set by the company."

Issues involved in this strike include: wages, vacations and holiday pay. A picket line has been placed around the plant.

## To Swap Literature For Service Tickets

WASHINGTON Aug. 19.—(INS)—Politics makes strange requests, too, with the result that a congressman today offered to swap farm literature for Army-Navy game tickets.

Rep. Celler (D) N. Y., explained that each congressman receives a bloc of tickets to the service football classic and also gets a quota of farm literature. Both are greatly in demand by constituents.

Celler explained that in his constituency the demand for the gridiron duets is "overwhelming" and that he hopes by his offer to attract trades with farm district congressmen.

### AWNING FIRE

City firemen were called to the John E. Elliott home in Berger place around 9 o'clock this morning, when sparks from a paper burning in a furnace set fire to an awning around the porch. Damage of around \$50 was reported by Fire Chief H. F. Steinbrink.

## Air Trip Linked To Freezer Deal

By GLENN M. GREEN  
(U. S. Staff Correspondent)

WASHINGTON, Aug. 19.—Sen. Mundt (R) S. D., today sought to link the gift of deep freezers to Washington notables to the \$60,000 "champagne-perfume" trip John Maragon made to Paris in an army airplane right after V-E day.

Mundt, a member of the Senate "five percent" investigating committee, indicated there might be a connection between the trip made by Maragon, close friend of presidential military aide Maj. Gen. Harry Vaughan, and the freezer gifts.

He pointed out that the trip was made when transportation to and from Europe was exceedingly difficult to obtain.

The committee made public hitherto secret testimony after President Truman criticized the investigation for withholding information that might be favorable to Vaughan.

Some 60 pages of testimony was divulged dealing with the plane trip in mid-1945, an alleged attempt at smuggling perfume oils, and the gift of seven food freezers to Washington notables.

Although the president charged that Vaughan was the victim of star-chamber proceedings, Mundt declared he did not believe the new testimony "reflects credit" on the military aide. He added:

"It begins to disclose a suspicion of a motive of what is behind the gifts of freezers."

"The record shows that Vaughan's friend Maragon was among those getting passports to Europe and ATC transportation at a time when businessmen just couldn't get there, and he was employed by the company which gave Vaughan and his friends freezers."

## Ex-Wife Expresses Little Sympathy For Lonely Hearts Pair

READING, Pa., Aug. 19.—(INS)—Esther M. Henne, 40-year-old Laureldale school teacher, said today that Raymond Fernandez and Martha Beck, the "Lonely Hearts" killers, "got what they deserved."

Miss Henne, who teaches at the Pennhurst State school, was "married" to Fernandez for 17 days but left after giving him \$4,000 and an automobile.

"I've no sympathy for either of them," she said after learning the pair had been condemned to death by a New York jury. Miss Henne added:

"As to my marital status, it has never been cleared up to my satisfaction. His sisters told me he had a wife in Spain at the time he married me."

"I've been trying to get an annulment, but I suppose the electric chair will take care of that matter."

## Health Experts Draft Polio Plan

By JACK WARD  
(U. S. Staff Correspondent)

HARRISBURG, Aug. 19.—Pennsylvania's leading health and welfare experts will meet today at Harrisburg to blueprint an extensive program for up-to-the-minute care for poliomyelitis victims.

Officials of eight organizations will create a "state polio planning committee" to operate during any unexpected outbreak of the dread disease in the commonwealth.

One hundred and seventy-seven polio victims have been reported to the health department since January 1, compared with 155 last year.

State Health Secretary Norris W. Vaux said the committee will draft a plan to assure the latest methods of care and treatment for children and adults stricken with polio. The conference was called to prepare precautionary measures

against the disease in view of the high incidence rate in other states throughout the nation.

High on the conference agenda will be discussion of financing treatment of polio victims for families unable to pay hospital and care expenses.

A health department spokesman pointed out that care and treatment of a single polio victim costs approximately \$2,000—"far beyond the means of the average family". In addition the conference will give detailed consideration to the chief problems of caring for polio victims.

(International News Service Sports Editor)

NEW YORK, Aug. 19.—The Brooklyn Dodgers won't win the National League pennant. When the payoff comes in October, it will be the St. Louis Cardinals against the eventual winner in the American League.

For this you have the word of Eddie Sawyer, manager of the Philadelphia Phillies, who have just completed a clean sweep of a series against the Dodgers.

**Dodgers Trailing**

As a result of these antics the Dodgers now are a full game behind the league-leading Cardinals, who seem to be getting better all the time as the season rolls along.

Stan Musial finally is hitting above .300 to bolster the attack led heretofore by Enos Slaughter and Red Schoendienst, and Sawyer thinks the Cards will win the pennant by beating the Dodgers in the clutch.

Sawyer said: "St. Louis has beaten Brooklyn 10 games out of 16 this season and they do it whether they are playing at home or in Brooklyn's Ebbets Field."

**Cards Tougher**

Sawyer said that there is no doubt that the Cardinals are getting tougher as the season rolls along, mainly because Musial has found his hitting form after an early season slump and is making the club into a contender through the stretch.

Sawyer was not surprised that his Phillies swept the Dodger series and will be even less surprised if the Cardinals win the National League pennant. He added:

"Brooklyn collectively is a better team, but St. Louis individually is tougher. By that I mean that with a little more than a month to go you want a team with Musial, Slaughter and Marty Marion in your lineup. Slaughter and Marion may have only a year to go now, but this pennant race isn't going to last a year."

**Have Decided Edge**

"Pitching is the Cards' great strength in the stretch run. They have an edge there over the Dodgers and all the rest, and I don't see how they can miss."

"You have to go with the Cards for one more reason—their ability to beat Brooklyn."

Sawyer didn't say at any time that the Dodgers aren't good, with ball above .360 and running the bases like Cobb. All he said was that he thought the Cardinals were better—and will stay better in the stretch run which is important.

Only Michigan State and Pitt of nine 1949 football opponents boast more victories than defeats against Penn State.

# Johnstown Rocks Nats Twice 6-4, 8-6; Ladies Night Tonight

## Another Yankees-Cardinals World Series

### Shaping Up, Yanks Lead By Four, Cards By One

Johnstown defeated the New Castle Nats twice last night, 6-4 and 8-6, and showed championship potentialities in doing so.

Tonight the teams play a single game at 8 o'clock and it has been designated as "Ladies Night" by Manager Billy Mongiello. Saturday night will be "Family Night" with Johnstown making a final appearance here. This is a single game also.

Frank Wagner, the veteran trying for his 17th win of the year was the loser in the night-cap, with Ty Corbett being the loser in the first game. Ray Moring pitched the Johnnies to a win in the first game, on a neat four-hitter. Baumiller relieving Steen in the third inning of the night-cap got credit for the win.

**Kiel-Beran Hit Homers**

Herman Kiel hit his 25th homer for New Castle in the second game, with the sack empty, and Joe Beran of the Johnnies belted his 30th homer in the first game, seventh inning, with two aboard. Al Schroeder of the Johnnies also batted a homer in the first game, with no one aboard in the fourth chapter.

Herb Churchill will take up the pitching burden for the Nats tonight. Manager Roy Nichols will probably use Murry Richardson.

**Unusual Incident**

Harry Collias, the Johnstown catcher, provided an unusual incident in the fifth inning of the nightcap, popping a little fly to the infield that Maier made a try for and missed and started throwing the ball around, three Johnstown runs scoring as Catcher Ty Corbett threw into centerfield trying to get Collias at the time and Beran and Galinkin streaked for home. Collias in the confusion walked home.

The fifth inning proved the Nats undoing. They tried to tie the count later but couldn't quite make it.

Wagner pitched a superb game after the "Frankenstein" fifth inning, not allowing a hit or run to score, but the damage was done.

**YESTERDAY'S RESULTS**

Johnstown 6, New Castle 4, 6.  
Butler 3, 13, Youngstown 7.  
Vandergriff 9, Uniontown 7.  
Erie 2, Oil City 1.

**STANDING OF THE CLUBS**

Johnstown	32	19	.627
Oil City	29	19	.604
Youngstown	23	25	.480
Butler	23	25	.479
Vandergriff	20	27	.426
Uniontown	17	29	.370
New Castle	16	33	.327

**GAMES TONIGHT**

Johnstown at New Castle 8 p. m.  
Uniontown at Vandergriff.  
Butler at Youngstown.  
Oil City at Erie.

Wagner gave up seven hits. The Nats had eight off three Johnstown batters.

**Tough Loss First Game**

The Nats had the opening game won, 4 to 3, going into the top of the seventh, but Corbett weakened and allowed a single and double, putting men on second and third as the result of a sacrifice, then Felix Buchioni came in and made Ulmstead fly out for the second out, but Joe Beran belted his 30th homer and scored Moring and Blandino ahead of him, his sixth homer in the last five games.

Reed Maier led the Nats in hitting last night, getting five for eight trips in the two games.

Mike Gipp suffered an injured neck in the late innings of the first game and had to retire in the third inning of the second game. Ty Corbett taking over.

The Nats had 15 men left on base in the nightcap, far too many.

(International News Service Sports Writer)

NEW YORK, Aug. 19.—Allie Reynolds, the guy who usually starts games he can't finish, today has a formula for sticking it out to the end—start 'em in the middle.

The New York Yankee righthander, who has teamed up in a doubles act with Joe Page all season, stole and his partner's stuff yesterday and appeared in a single.

**Yanks Win 5-4**

Reynolds came on stage in the fifth inning and hurled hitless ball the rest of the way as the American League pace-setters downed the Washington Senators, 5 to 4.

Old Wahoo got credit for his 12th victory when Phil Rizzuto opened the sixth inning with a double and scored on Cliff Mages single. Tommy Henrich hit his 21st homer in the fourth off loser Mickey Harris and Clyde Vollmer blasted his 13th circuit clout for the Nats in the fourth.

**Four Game Lead**

The win upped the Yankee lead to four games over the second place Boston Red Sox, who were not scheduled.

Freddy Hutchinson blanked the Chicago White Sox, 2 to 0 for the Detroit Tigers. He held the Sox to six scattered safeties and gained his 12th victory, and seventh in a row, although he needed help from Virgil Trucks in the ninth.

Cleveland's third place Indians walloped the Browns, 14 to 4 in a night game. Larry Doby and Mickey Vernon each hit three-run homers as Bob Lemon recorded his 15th triumph.

**Phils Trim Bums**

The Brooklyn Dodgers were sure they had their full of the Phillies after Eddie Sawyer's charges made it three straight over the Bums via a 9 to 5 drubbing.

The loss dropped the Shottonmen one full game behind the idle St. Louis Cardinals in the hectic National League pennant drive.

A five run outburst in the sixth sewed things up for the Phils. In that frame they conked starter Rex Barney and Carl Erskine for three doubles and a pair of two-run homers. Del Ennis and Willie (Puddinhead) Jones collected the

roundtrippers. Hank Borowy got credit for his 12th triumph.

**Pirates Shutout Cubs**

Boston's newly-managed Braves made it two in a row over the Giants, pasting the Durochermen 10 to 6 for Johnny Sain's ninth win. The victory advanced the Tribe to within a half-game of the third place New Yorkers. Bob Elliott, Jeff Heath, Elbie Fletcher and Jim Russell each knocked one out of the ball park.

Pittsburgh defeated the Cubs 2 to 0 on Jim Walsh's three-hit pitching. The 29-year-old recruit righthander from Indianapolis won his first game of the season. Both Buc runs were driven in by Ralph Kiner.

## St. Paul's Win Second-Half Church Title

St. Paul's Lutheran church golf team won the second-half championship of the New Castle Church Golf League last night at Castle Hills, by a margin of two and a half points over the runner-up First Christian.

The St. Paul's team will now meet the First Baptist team the first-half winners in an 18-hole playoff, for the league title. It will be an interesting match.

**Bob Watkins Medalist**

Medalist last night was Bob Watkins with a scorching 36 card, while Fred Scheppelle was runner-up with a 38 card.

The league is planning its annual banquet for September 15th. President Lou Lautenslager announced through Secretary Tom Baum. The time and place to be announced later.

The final standing for the second-half: St. Paul's 55; First Christians 52½; Epworth 49; St. Mary's 43; First Methodists 34½; First Presbyterians 34, First Baptists 33; First U. P. 30½.

**Boys Selected To Make Camp Trip Will Leave Monday Morning At Eight**

New Castle high school's football candidates continued light workouts at Taggart Stadium this morning and this afternoon in readiness for training camp Monday.

About 40 to 45 of the 100 boys working out at the stadium Thursday, Friday and Saturday of this week will be selected for the two weeks training trip to the YMCA camp.

Selections will be made Saturday and the boys will leave at 8 o'clock Monday morning in busses from Taggart Stadium.

There are a lot of holes to fill in last years championship team, but there are a lot of good looking prospects around to fill them from all indications.

## DeCarbo's Shamrocks Play Again Tonight

**Sixth Game Of Playoff Series To Be Played At Dean Park At 6 O'Clock**

DeCarbo's and Shamrocks try again tonight to end their scheduled three game playoff series when they play their sixth game tonight at Dean Park.

This is the fourth time that the two teams have gone on the field to try and decide the winner of the rubber game of their first round series in a five game series for the city championship, probably strating Monday night.

Starting pitchers tonight will probably be Rhodes, for DeCarbo's and Suzow, for the Shamrocks.

## Otto Graham Vs. Frankie Albert As Browns Clash With '49ers

By HOWARD BABCOCK  
(International News Service Sports Writer)

CLEVELAND, Aug. 19.—The pre-season clash between the Cleveland Browns and the San Francisco '49ers at Cleveland's lakefront stadium tonight might well be billed as Otto Graham versus Frankie Albert.

The two T-quarterbacks, who shared the All-American conference's most valuable player award in 1948, have been arch rivals ever since the first meeting of the two clubs.

Although the contest is billed as an exhibition, both teams will be "out for blood," since the '49ers have been the Browns' most bitter rivals in three years of AAC play.

Tonight's affair will be the seventh meeting of the two clubs. Cleveland has won five of the six games, but only one by a comfortable margin.

In coping their third straight AAC title last season, the Browns defeated the West Coast club by scores of only 31-28 and 17-14.

Coach Lawrence "Buck" Shaw, silver-haired coach of the '49ers, is confident that "the year '49 is the '49ers'."

Shaw stated that this season his club has more depth. "We have an end named Salata who will take some of the heat off our great end Alyn Beals and may give us, at last, a Lavelle-Speedie combination," he said. "Our line is stronger, too, especially at the guards."

## Final August Race Card At Canfield Saturday Night

CANFIELD, O., Aug. 19.—The men who were "born to speed" will be gunning their mounts for another eight event program of midget auto racing at the Canfield Speedway this Saturday night, August 20th.

Jack Kabat, who had an unfortunate accident at Detroit several weeks ago, but who returned to Canfield in the competition a week later, will be out of action for the balance of the season. The doctors discovered that Kabat had an injured vertebrae and he is now sporting a cast on his neck which he will have to wear for at least six weeks.

Johnson who flipped at Sportsman's Park two weeks ago, hopes to get back into action this Saturday night at Canfield. Johnson took over the Canfield track record two years ago and he still holds it, although Jimmy Florian almost broke it two weeks ago.

This will be the last program of midget auto racing before the Canfield Fair this month.

Many big names of the racing world will be in this area this weekend in preparation for the big races to come, and it is expected some of these star chauffeurs will also be in the line up.

### INDIES DOWN CIVICS

Lawrence Indies finished the season Thursday night by downing a stubborn Union Civics nine, 3 to 1.

Excellent three-hit pitching by Russu enabled the Indies to win the tight contest. The winners trailed 1 to 0 for the first five innings of the game but scored three in the top of the sixth for the win.

## FIRST BAPTISTS BEAT CHRISTIANS

First Baptists defeated the First Christians 8 to 4 last night in a church league softball game at Lehigh field.

Jim McCann starred at bat with a double and three singles in four trips to the plate. Dave Clausen played a very good game at second base for the Baptists.

D. Robb was the winning pitcher and A. Taylor was tagged with the defeat.

Baptists play Wesley at Deshon field Tuesday and First Congregational at Gaston park Thursday.

## Leaders Take Playoff Wins

Bessemer And Wampum  
Win Second Straight In  
County League  
Shaughnessy  
Games

Bessemer hosts Hillsville tonight in the third game of the playoff between the second and fourth place finishers in the County league.

The Martin Crew took a 3 to 0 win last night and hope to clinch the series tonight. Game time is 5:30.

August Anderson will go to the hill for the Cement City nine and Hillsville, with its back to the wall, will probably counter with Bob Penwell.

Bessemer bunched six hits for three runs in the fifth inning last night to take the win. Pitcher Walter Anderson led off the big rally with a double and scored on Stanley's single. Two more runs scored when Penwell singled with the bases loaded.

Hillsville got its lone tally in the second. Anderson hit John Pezzuolo with the bases loaded, two outs and two strikes on the batter. Anderson was in complete control all the way. He walked two, struck out seven and allowed only four hits.

Catcher Goog Anderson led the Bessemer sluggers with three hits. Caldararo smashed two of the losers four safeties.

Score by innings: R. H. E.  
Bessemer ..... 0 0 0 0 3 0—3 11 3  
Hillsville ..... 0 10 0 0 0 0—1 4 0

Two-base hits: W. Anderson, P. Johnson. Bases on balls: W. Olive 3, W. Anderson 2. Strike-outs: W. Olive 6, W. Anderson 7. Winning pitcher: W. Anderson. Losing pitcher: W. Olive.

Wampum and Bessemer continued their mastery over County League playoff foes by winning their second consecutive games in the first round of the Shaughnessy playoffs last night.

Each team now has a 2 and 0 record in the best of five series.

Wampum downed Koppel 6 to 2 and Bessemer topped Hillsville 3 to 1.

Pennant winning Wampum scored its easy triumph by picking up single runs in the second, third and fourth innings and adding three in the fifth. Koppel scored its single tallies in the second and seventh innings on home run drives by Belke and Casiato.

Each team made eight hits. Hijac was the leading slugger in the contest with three hits. One was a double. The Wampum right-fielder also scored two runs. Casiato, Crowthers, and Belke had two hits each for Koppel.

The same two teams meet again tonight at Wampum, with the Victory Club nine in a very good position to wrap up a first round victory. Game time is 5:30.

Score by innings: R. H. E.  
Wampum ..... 011 130 0—6

Universal A. A. and West Pitts-  
burg go after big stakes tonight,  
the pennant of the City League.  
The teams clash tonight at six  
o'clock in a single game playoff  
to decide the title.

Each squad finished the regular  
season by winning last night. The  
top teams compiled identical rec-  
ords of 34 wins and nine losses  
for an impressive percentage mark  
of .791.

Rainey to Hurl  
Manager Huck Davies of Univers-  
sal will start Monk Rainey in ef-  
fort to win the second consecutive

pennant for the pottery nine. De-  
Monaco, West Pittsburg pilot,  
will counter with Attisano or Bo  
Smiley.

The squads are evenly matched  
in season's records and both boast  
of real power hitters and high class  
fielding. Tonight's encounter, with  
the big bunting awaiting the win-  
ner, will find both nines shooting  
the works.

## UMPIRES WILL MEET TONIGHT

There will be an important  
meeting of the Lawrence County  
umpires tonight at the Y at 8:30  
o'clock, for the purpose of dis-  
cussing the baseball game at  
Volant Saturday with the North  
County League managers.

Third U. P. defeated the Wes-  
ley Methodists at the Wesley field  
Thursday evening 19 to 6. Kenny  
Myers was the winning hurler and  
Ayers the loser. Home runs for  
Third by Vince Galano and John  
George. D. Kegarise and Alexan-  
der were the best for the losers.

from Chicago, led the U. S. All  
Stars to a 7 to 6 win over the New  
York City All-Stars in the fourth  
annual Hearst sandlot game last  
night.

The lefthander pounded out a  
single that scored two runs during  
a four-run uprising by the U. S.  
team in the seventh. Will's double  
in the sixth drove in a run and  
sparked a three-run rally.
